BLACK WALNUT COMMISSIONERS HOLD SESSION

Plans for a number of activities were outlined Wednesday evening at a meeting of the commissioners of the Black Walnut Boy Scout District at the engine house, E. Middle St.

The annual summer camp for Cub Scouts will be held August 9 and 10 at Camp Tuckahoe, near Dillsburg. Scout Field Executive Stanley C. Rogers announced. Cost will be \$4.50 per Cub for the weekend and each unit must provide one adult leader for each four Cubs it sends to the camp.

Rogers also announced that there are now eight openings in the group of Explorer Scouts from the York-Adams area who will visit Philmont Ranch in New Mexico this summer. The quota for the camp had been filled, Rogers said, but eight of those scheduled to attend have had to withdraw, thus making new openings. Eight Explorers from the Black Walnut District so far are scheduled to attend the three-week long encampment. Rogers said the cost of the trip, covering transportation to and from New Mexico, meals, lodging, and the stay at the camp, is \$140.

Plan Beach Trip

August 17 was set as the date for the annual outing for the commissioners and their families. The commissioners also decided to invite the district committee members and their families on the outing which will take the form of a trip to Towheestown Beach. Sebastian R. Hafer, district commissioner, is in general charge of arrangements for the event.

A new booklet on "Parent Events," listing various types of activities in which parents can participate with Cub Packs, Boy Scout Troops and Explorer Posts is now available to the district. It was announced. A new type shirt for scout leaders is also available. Hafer reported to the group.

Plans were outlined for participation by the commissioners in the National Traffic Safety Good Turn Day on Saturday.

A general discussion was held on summer activities for Cub Scouts and Explorers. The discussion indicated that the National Boy Scout regulations provide that the chartering institution or group and the unit committee are responsible for providing "a program 12 months out of the year." Many units, it was noted, cancel organized activities during some of the summer months. The commissioners decided that they will do "all we can to see that the boys get a 12-month program rather than ten months."

Vacation School At Trinity Church

The 19th annual sessions of the Vacation Church School of Trinity United Church of Christ was held for the last two weeks at the church. The school met each day from 9:30 a.m. to 11 a.m. The pre-session period for recreation began at 9 a.m. The Rev. Dr. Howard Schley, pastor, supervised the daily activities and taught the memory work. The theme of the school was "The Different Ways of Worshiping."

Henry E. Fox was the instructor in music. He directed the singing and taught two new hymns to the students. Mrs. S. Blaine Miller was in charge of the Kindergarten department. She was assisted by Betsy Hull, Mrs. S. Charles Smith and Mrs. David Blocher took care of the Primary department. Dr. Fox was the instructor for the Juniors. The children constructed the tabernacle of the Old Testament as their work project. Film strips were shown each day telling of the missionary emphasis of the Christian Church.

Wednesday after the daily sessions the school went on a picnic at the home of Frank Bowersox Jr., Marsh Creek Heights, where boating and swimming were enjoyed. On Sunday the school will attend the divine service and sing several of the hymns they learned.

Dr. Robert Lefever Reports Theft Of Cash

A decision to change into sports clothes before leaving Wednesday afternoon cost Dr. Robert Lefever, York St., the cash in his wallet, borough police reported today.

The local physician changed into a T-shirt and shorts about 3 o'clock Wednesday afternoon and drove to the college, police said. He left his business suit in the rear room of his office, York St. When he returned about 4:30 o'clock he found the gate at the rear of his building open and also the back door. He made a cursory search but found nothing missing.

This morning when he opened his wallet he found the cash missing. The amount was not revealed.

Local Round Table Going To Antietam

The Gettysburg Civil War Round Table will travel to Antietam National Battlefield Site for its June meeting next Thursday evening, Secretary Jacob M. Sheads announced today.

The group will meet at the West End Guide station along the Lincoln Highway west of here at 4 o'clock Thursday afternoon to make the trip as a group.

At Antietam the speaker will be R. L. Lageman, park historian there, Sheads said.

The trip is the first of several field trips planned by the local group during the summer months.

TWO WOMEN TO HELP TEN MEN IN FARM VOTE

Ten men and two women will serve as the election officials for the referendum on 1959 wheat marketing quotas in Adams County Friday, Howard S. Schwartz, chairman of the Adams County Agricultural Stabilization and Conservation Committee, announced today.

Four polling places will be open from 8 a.m. to 9 p.m. Friday to permit the farmers of the county to vote on whether they wish to extend quotas to the 1959 wheat crop.

The committee handling the voting at the ASC office at 146 York St. will be John W. Schwartz, Pauline E. Crouse and Herbert Zepp. Farmers from the Fairfield, Gettysburg and Biglerville communities will vote at the ASC office.

Voting Is Nationwide

Littlestown area farmers will vote at Robert's Implement Shop, Littlestown, where the committee in charge of the election will include E. A. Rebert, Felix Klumk and Herbert Sterner Jr.

At the New Oxford Farm Bureau building, where farmers of that area will vote, the committee will include John M. Blair, Doris M. Rife and Harold M. Herr.

The committee at York Springs Fire Hall, where farmers of that section will vote includes Charles D. Reinecker, Ralph E. Myers and Frank C. Myers.

Schwartz urged all farmers who are growing, or who would grow if there were no quotas, more than 15 acres of wheat to vote at the election Friday.

The vote locally is part of a nationwide referendum to determine whether the farmers wish to continue wheat marketing quotas on next year's crop. If two-thirds of the farmers in the nation vote in favor of the quotas they will be continued.

Congressional Republicans Bow To Ike In Sherman Case

WASHINGTON (AP)—Congressional Republicans bowed today to President Eisenhower's decision to keep Sherman Adams on the job. But many GOP members made it plain they aren't happy about it.

Republican state chairman split over the question of Eisenhower's top aide. Some still insisted he should get out. Others supported Eisenhower's backing him. Many declined comment, but could agree with one of their number, Ray Bliss of Ohio, who said "I'm certain I'd rather it hadn't happened."

In New York, Democratic National Chairman Paul M. Butler left no doubt the Democrats will make a major political issue out of Adams' dealings with industrialist Bernard Goldfine of Boston. As to Eisenhower's insistence on keeping Adams as his chief assistant, Butler added:

"The President's own conduct makes him as morally responsible for this improper conduct as Mr. Adams is himself."

WAYNE SCHUTT DIES OF AUTO CRASH INJURIES

Wayne S. Schutt, 18, of 34 Baltimore St., died Wednesday evening at 6:45 o'clock in the Warner Hospital where he had been a patient since an automobile accident early Saturday morning on the Fairfield Rd. at Seminary Ridge.

The Gettysburg High School June 1 graduate, who had been unconscious since the crash, was one of three injured when a car

WAYNE SCHUTT

veered off the road, struck and uprooted a tree and then came to rest against another tree and a pole.

One of the three, Ronald Richard Heffer, 22, 7 Hanover St., died at the Warner Hospital shortly after being removed there Saturday morning. The other youth injured in the crash, Morris R. Rummel Jr., 23, of 222 E. Middle St., believed to have been the driver of the vehicle owned by him, is still in the hospital. His condition today is "satisfactory."

Speeding Car Left Road

Dr. C. G. Crist, Adams County coroner, said Schutt's death was caused by multiple fatal emboli which he said resulted from the injuries received by the youth when he was thrown from the car in the accident.

Schutt had sustained contusions of the left eye, lacerations of the chin, contusions, abrasions and lacerations of the right arm and upper right part of the abdomen. (Continued On Page 2)

Draft Board Here Gets 100th Call

The Adams County Selective Service board today received notification to send 26 men for pre-induction physical examination at Harrisburg July 23.

The group will be accompanied to Harrisburg by seven men called for induction into the armed forces at the same time.

The current request for men is the 100th "call" received by the county draft board since its re-establishment in 1948.

HOME FROM HOSPITAL

Miss Ann Faber, Chambersburg, has returned home from Children's Hospital in Baltimore where she underwent surgery for a correction in her leg.

SEEKS ACTIVE GOP WORKERS

H. Earl Pitzer, chairman of Adams County Republican Committee, outlined plans for the forthcoming election in an address Wednesday evening at a meeting of the Young Republicans at Schott's Restaurant, Littlestown.

He expressed his desire to have more active members in the party. He also said he wanted to have a coordinated and efficient working agreement with the women's GOP organization and the Young Republicans, in his fund raising campaign and registration. The Young Republicans offered their "heartiest support" of Pitzer's plan. Adrian Yantis presided at the meeting.

John D. Thrush, program chairman, announced that a number of meetings will be held throughout the county in order to give more persons a chance to attend. He said the next meeting will be held July 30.

Forty-five million blind drivers—momentarily blind, that is—will be on the nation's highways over the Fourth of July weekend, the National Safety Council said today.

The council explains that the average person blinks his eyes 25 times a minute and the blink lasts an average of one-fifth of a second. So, if a driver averages 40 miles an hour on a 10-hour motor trip, he will drive almost 35 miles of the trip with his eyes closed.

Such statistics don't mean a thing, said Ned H. Dearborn, president of the council, "except that an accident can happen in the wink of an eye—as 371 persons who died in traffic accidents over the Memorial Day weekend found out too late. The toll dramatically points up the need for extra driving caution when traffic is at a peak. The Fourth, which comes during the peak of the three-month vacation season, usually brings more deaths from traffic accidents than Memorial Day."

The most dangerous period for the holiday highway traveler is while enroute to his holiday destination, rather than on the trip home. This was found, the council said, in a special study of holiday highway accidents made after 433 persons were killed in traffic last Labor Day weekend.

The study also showed that:

1. Speed was a factor in 71 per cent of the accidents.
2. Drinking was a factor in nearly half the accidents.
3. Accidents were most frequent early in the weekend.
4. Accidents were most frequent during evening hours.
5. Non-collision accidents were the most frequent type.
6. Eighty-two per cent of the accidents occurred in rural areas.
7. Single driver accidents were most frequent.
8. Victims usually were the drivers.

Historian Will Speak At College

Bell I. Wiley, Civil War historian of Emory University, Atlanta, Ga., will deliver three lectures at the first annual Civil War Study Group sponsored by Gettysburg College, August 4 to 8.

Wiley, author of "The Life of Johnny Reb" and "The Life of Billy Yank," will describe the Civil War soldier in camp and battle during his lectures.

Tours of the Gettysburg and Antietam battlefields will be conducted by Dr. Frederick Tilberg, National Park Service historian, during the sessions.

All persons interested in Civil War history may attend.

Hunterstown Scouts To Promote Safety

Troop 124, Hunterstown, will participate in the National Safety Day program on Saturday from 10 a.m. to 3 p.m. Members of both the Scout Troop and Explorer Post will be posted along all highways leading into Hunterstown and will distribute safety pamphlets to passing motorists.

Community stores will also carry safety displays and a auto wreck exhibition will be displayed in the Hunterstown square. Residents of the area are asked to cooperate with the Boy Scouts.

ON DEAN'S LIST

Martin J. Redding, son of Mr. and Mrs. Martin Redding, Long Lane, has been named to the dean's list at Villanova University for the second semester. Redding will be a Senior next fall and is majoring in civil engineering.

BERMUDIAN JT. PUPILS MOST AVID READERS

The school children in the Bermudian Joint School district are the "readiest" in the county, according to book loan records at the Adams County Free Library for the school year just ended.

The children in that jointure borrowed 30,621 books during the 1957-1958 school year, figures compiled by Mrs. Mary S. Wilson, county librarian, showed.

The Lower Adams Jointure pupils ranked second in total loans with 24,019 and the Littlestown Joint School District was a close third at 23,006 books.

Need Money For Books

The only joint school district that might challenge the record of the Bermudian Jointure is Gettysburg where juvenile loans at the main library totaled 31,080, but library records do not show how many of those were made by persons other than pupils in the Gettysburg district schools.

Mrs. Wilson pointed out that the 31,080 figure at the main library covers only juvenile books and does not include the considerable number of adult books borrowed at the main library by high school age students.

In connection with her circulation report, Mrs. Wilson said that on the average each book purchased by the library for young readers costs about \$2.70. She added that about \$2,000 is needed to new juvenile books before pupil reading rockets again in September when the county bookmobile will resume its regular school tours.

Snows Cut Totals

Other jointure and school circulation figures for the school year just ended, were compiled by the library as follows: Upper Adams, 17,093; Fairfield, 17,826; Franklin Twp., 10,791; Conowingo, 7,541; Littlestown parochial, 5,619; McSherrystown parochial, 6,913; Conowingo Chapel school, 3,994; New Oxford parochial, 2,009; and Bonneauville parochial, 4,438.

Total school circulation was 153,870, which is an increase for the schools served. Four York County schools, which were part of the dissolved Conowingo (East Berlin) Joint School District, were dropped from the route for the last school year. Total school circulation reflected the loss of those four schools with a net drop of 2,210 loans. A total of 5,820 loans had been made in those four schools the previous school year.

The new high circulation figures for the Adams County schools were achieved despite disrupted bookmobile schedules by the late winter snows in February and March. The snows not only forced the bookmobile to miss some scheduled trips when roads were closed but cut book loans because new supplies of reading material did not reach some schools on schedule, it was pointed out.

Countians Appear At Capitol Hearing

Four residents of Adams County appeared with Assemblyman Francis Worley Wednesday in the new House caucus room to tell a committee of the joint state government commission about air and water pollution at Pountindale.

While Mr. Worley gave the committee information supplied to him by constituents, first hand reports about air and water pollution were supplied by Mrs. Melva Shindeldecker, Mrs. Lillian Shelley and Mrs. Virginia Willis, all of Hamilton Township, and Mrs. Eleanor Linebaugh of Liberty Twp.

The dust complained of comes from a stone crushing and processing plant at Pountindale, the women told the committee which is holding hearing in connection with bills to be prepared for submission to the next session of the legislature.

FIREMEN CALLED

Gettysburg firemen were called Wednesday afternoon at 2 o'clock when some debris at the Giltin junk yard, between Carlisle and N. Stratton Sts., ignited while workmen were using an acetylene torch. Prompt action by nearby residents quickly scattered the burning debris. Firemen used water from a booster tank to extinguish the flames.

HOME FROM CONVENTION

George R. Martin, W. High St., operator of Martin's Shoe Store here, returned Wednesday night from St. Louis, Mo., where he attended the International Shoe Company retail sales clinic Sunday through Tuesday. During the three-day session shoe men from throughout the U.S. discussed economic conditions and studied methods of improving store operations. Sales training, advertising and window displays were among the matters discussed at the sessions.

Court Decision Spurs State To War On Pinball Machines

UNIONTOWN, Pa. (AP)—The Fayette County court ruled today that multiple-coin pinball machines are gambling devices and as such may be seized and destroyed by law enforcement officers.

The long-awaited decision was expected to be a signal for statewide efforts to eliminate the machines. State officials have indicated they regard the Fayette County case as a precedent and that they plan to move promptly in other areas.

The decision, written by Judge Eustace H. Bane, said: "Inherently Gambling Devices"

"The court finds that the devices and machines listed in the petition are essentially and inherently gambling devices, used and intended to be used for the purpose of unlawful gambling and therefore subject to forfeiture."

This case is concerned only with machines which may accept more than one coin for a single game. The court decision did not refer to those machines which accept only a single coin for each game. The effect of multiple-coin machines is to increase the original

FACES DESERTION CHARGE

KREMLIN BOSS FIGHTS TO KEEP POWERFUL HAND

By THOMAS P. WHITNEY
AP Foreign News Analyst

The Kremlin has shifted to a tough line, and Nikita Khrushchev is apparently having a hard time with his enemies in the Soviet Communist party.

These two developments are related. American foreign policy toward a summit meeting may have contributed to both, wittingly or unwittingly.

It is likely that Red China's influence is also playing a role.

Seemingly well-founded reports say that the anti-Khrushchev forces may have ganged up in a determined effort to clip the Russian chief's wings at the meeting of the Soviet Communist party's Central Committee now under way in Moscow.

Since Stalin died in 1953 there has been a succession of crises of Soviet political leadership, each closely connected with internal and foreign policies. Out of each of them Khrushchev has emerged with increased power.

But these successes have not destroyed opposition. In fact there are indications it may be increasing.

One likely leader of anti-Khrushchev forces is the Central Committee secretary, Mikhail Suslov, a dogmatic Stalinist. Apparently Khrushchev has recently been moving in on Suslov—demoting him from some of his established functions and preparing for the kill.

Ruthless Opportunist

Khrushchev is a ruthless opportunist. He has been engaged in a vast reform of the Soviet system, including a reorganization of industry, agriculture and education. The changes he has espoused, particularly those in agriculture, have aroused bitter opposition in the Soviet bureaucracy. These opponents have been watchfully waiting for some resounding failure by Khrushchev.

They now have this failure—the summit conference question. American diplomacy may have helped to produce this situation by taking a thoroughly negative attitude toward a summit meeting.

Red China also helped because Peiping apparently did everything to torpedo a summit meeting at which it would not be represented.

MACMILLAN HAS PLAN ON CYPRUS

LONDON (AP)—Prime Minister Macmillan announced today a seven-year plan for the future of Cyprus which provides for participation of Greek and Turkish governments in the administration of the island.

Macmillan described the proposal to the House of Commons as an adventure in partnership.

He promised that cessation of violence in Cyprus—a British crown colony populated by 400,000 persons of Greek descent and 100,000 of Turkish descent—would bring a relaxation of emergency regulations, including return of Cypriots now excluded from the island.

While he named no names, this reference was taken to mean that Archbishop Makarios, leader of the Greek Cypriot community, would be allowed to return to Cyprus when order is restored. He is now an exile in Greece.

The Prime Minister said it is deeply to be regretted that all attempts for settlement of the Cyprus problem have thus far proved unsuccessful.

Greek Cypriots want the island to become Greek. Turks want the island partitioned. The dispute has been a bitter one and fighting last week between Greeks and Turks on Cyprus cost at least 17 lives.

Dr. Franklin Clark Fry, president of the United Lutheran Church in America, will be among the speakers.

The convocation is a project of the Commission on Higher Education of the National Council of the Churches of Christ in the United States.

SECURITY RISKS GET JOBS BACK BY COURT ORDER

WASHINGTON (AP)—The U. S. Court of Appeals ruled today that six civilian employees of the Army Signal Corps center at Ft. Monmouth, N. J., fired as security risks in 1954, are entitled to get their jobs back.

The unanimous decision of a three-judge panel said the Army failed to follow its own regulations in the manner in which the six were notified of their discharge.

Judge George T. Washington said the regulation required that the six be given the findings of the security hearing board.

But, Washington said, they merely were told that their continued employment would not be clearly consistent with the interests of national security and that their discharge was deemed necessary and advisable in the interest of national security.

Get \$180,000 Back Pay
The six, who won reinstatement and back pay estimated at about \$180,000, were fired after sensational hearings into alleged subversive activities at the signal center. The inquiry was conducted by the late Sen. Joseph McCarthy (R-Wis.).

Twenty-five employees were suspended. Of these 17 were reinstated by the Army. The others eventually were dismissed, but all now have won reinstatement.

Today's ruling applied to Aaron H. Coleman, Harold Duore, Carl Greenblum, Bernice Levine, Melvin Morris and Hyam Gerber Yamins.

They all held either scientific jobs or jobs rated as requiring clearance for access to secret material.

The appellate court's ruling reversed U. S. Dist. Judge Alexander Holtzoff who last November dismissed the complaint of the six.

Ohio Bank Issues
Loans At Half-Rate
PAINESVILLE, Ohio (AP)—To encourage consumers in making major installment purchases, the Lake County National Bank will issue loans for that purpose next week at one-half the usual rate, Glick Shultz, president, said Wednesday night.

The half-rate interest will apply to loans for purchases made in Lake County such as boats, automobiles, major appliances, and home improvements.

Rates vary depending upon what the loan is used for. But the interest rate on a new car, for instance, is around 6 per cent.

Man and Pet Dog Killed in Crash

COLLEGEVILLE, Pa. (AP)—A man and his pet dog were killed and three other persons injured today in an automobile-truck collision at Rhams, two miles north of this Montgomery County community.

Police said the truck ran out of control after the collision and crashed through a wall of the Rhams Hotel. It came to rest part way inside the hotel's barroom and pushed the bar about six inches off its foundation.

The victim was identified as I. Blane Geyer, Spring City, operator of the automobile. Geyer's wife, Dorothy and his son, who were riding with him, were taken to Phoenixville Hospital.

The truck driver, Chester Widener, Boyertown, Pa., an employee of a meat company, was treated at the same hospital for lacerations of the neck.

IKE TELLS GOP BUSINESS IS ON UPGRADE

WASHINGTON (AP)—President Eisenhower told Republican state chairmen today that there are very clear indications business conditions are improving.

He also was reported to have told the state leaders at a breakfast meeting that he strongly believes in maintaining the nation's security and solvency.

Adams Issue Not Up

Republican National Chairman Meade Aicorn, talking to reporters after the closed session at a downtown hotel, said the issue over Sherman Adams was not mentioned by either the President or the state chairmen.

Some of the party officials have been calling for the resignation of Adams, the President's chief aide, in the wake of disclosures of Adams' relations with Boston industrialist Bernard Goldfine.

Aicorn said it was in answer to a query from one of the state chairmen that Eisenhower talked of indications of a business upswing.

Other Speakers

Aicorn gave no further details. The state leaders are here attending a three-day campaign school conducted by the GOP National Committee. Their sessions are closed to newsmen.

The President did not say whether he would take part in the coming campaign, Aicorn added.

About 40 of the state chairmen were present. In addition to Eisenhower, speakers included Sen. Andrew Schoepel of Kansas, the Senate Republican campaign chairman; Rep. Richard M. Simpson of Pennsylvania, House GOP campaign chairman; and Charles Thomas, Republican national finance director.

PA. IMPROVES REQUIREMENTS FOR TEACHERS

HARRISBURG (AP)—Revised requirements aimed at improving the educational background of Pennsylvania public school teachers have been adopted by the State Education Council.

The plan, adopted Wednesday at a council meeting, sets a minimum of 60 semester hours in general education before a college graduate can be certified to teach in the Keystone State.

Dr. Charles H. Boehm, superintendent of public instruction, said the plan is aimed "at cutting down on some of the instruction in teaching methods."

The plan was recommended at a conference on teacher education here last April.

Give Breakdown

It becomes effective starting this fall for the lower three classes. Dr. Boehm said the council had not decided on whether, or how, to apply the requirements to the 1959 class.

The breakdown of minimum requirements is:

English, 16 semester hours; social studies, 6 hours; science, 6 hours; fine arts, 3 hours; philosophy, ethics, logic, 3 hours; human development and behavior, 3 hours; and physical education, 4 hours.

The balance of the general education hours may be chosen among various other subjects by the student on an elective basis.

The council also approved an 18-point recommendation of "general principles" for revamping teacher requirements. Many of the principles will require legislative action to put them into force.

Among the principles outlined were:

"1. A certificate to teach should be an indication that the individual has the knowledge, appreciation, skills and attitudes that are needed for educational service.

"2. Evidence of professional competencies adequate to meet current requirements is basic to reinstatement of certification status after an extended absence from professional service.

"3. A state program of teacher certification should distinguish clearly between certificates issued under standard procedures and those granted under defined emergencies.

"4. Only those institutions desirous of providing a broad background in teacher education and having sufficient staff and facilities should be encouraged and approved for teacher education."

In other action, the council approved a recommendation that 12 semester hours of graduate work be required to make a teacher with a provision college certificate issued after Oct. 1, 1959, eligible for a permanent certificate. Only six semester hours are required.

SALESMAN DIES

LOOK HAVEN, Pa. (AP)—Lewis J. Bougher, 60, Bloomsburg salesman, died today as he was driving on Route 220 near the east city limits.

Coroner Roy Bryerton said Bougher suffered a severe heart attack and was dead by the time other motorists reached the car. State police said the car swerved across the road and came to a stop in a field.

Rodeo Performance Ends This Evening

Threatening weather kept the crowd to several hundred Wednesday evening at the opening performance of the Circle X rodeo at the Civic Grounds, Emmitsburg. The cowboys and cowgirls will try again tonight at 8 o'clock for the benefit of the Emmitsburg Lions Club welfare fund.

Those who did attend the rodeo, especially the youngsters, had an evening of unusual entertainment featuring the Brahma bulls, broncos, calf roping, bulldogging, rope tricks, fancy riding, trick horses, music and refreshments.

WRONGED HUBBY GETS PROBATION

MEDIA, Pa. (AP)—Marshall B. Eck, young chemical engineer who shot a bachelor neighbor after surprising him and Mrs. Eck in a parked car, was placed on two years probation today.

The shooting occurred the night of March 27 in a lane around the corner from the Eck home in nearby Riddlewood.

The man shot was George Wilson, 37, a machine designer. His wounds were superficial.

Melvin G. Levy, attorney for the 25-year-old Eck, told Judge Henry G. Sweeney that Eck became ill at a banquet on the night of the shooting and returned home earlier than expected. Eck lost his temper when he found his two young children alone in the house.

By Eck's own account, he took his .22 caliber target pistol and went looking for his wife. A bit later, he said he came upon his wife and Wilson in Wilson's car, and opened fire.

Scoffs Race To Moon With Reds

DETROIT, Mich. (AP)—A retired industrialist says he doesn't see much point in beating the Russians to the moon with a rocket other than to see "whether the moon's green cheese is any better than the blue cheese we have on earth."

K. T. Keller, retired chairman of the board of Chrysler Corp., told a meeting of the American Society of Mechanical Engineers Wednesday night that "I hope if there are people up there, our scientists study them and bring what's good from their civilization back. We have spoiled one planet pretty well, let's not do it to another one."

Parents Get Word About Injured Son

Airman Third Class Harold E. Altland, son of Mr. and Mrs. Emanuel R. Altland, East Berlin, who was injured Saturday in an automobile accident in France, was reported to be still unconscious with the extent of cerebral damage unknown. He also suffered a fractured left arm.

News of his condition was derived from a telegram from Major General R. J. Reeves, director of military personnel, U. S. Air Force, and received by the parents Wednesday. Francis Worley, Adams County representative to the General Assembly, was instrumental in gaining additional information for the parents concerning their son through the White House.

NAB SON FOR BEATING DAD; HELD CAPTIVE

STAYTON, Ore. (AP)—Police Wednesday arrested a part-time preacher they said kept his 88-year-old father captive within an electric fence.

Sheriff's deputy Charles Thornton said Daniel George Cole, a husky 60-year-old, was taken into custody after police saw him kicking his elderly father. Cole was charged with assault and battery.

The father, skinny Eugene W. Cole, was taken to a hospital where his condition was described as fair.

Thornton said the elder Cole was kept captive in a triangular enclosure at the rear of his son's modest home.

Around the enclosure ran a two-strand electric fence that carried a stiff current. Thornton said the old man lived in an old, filthy, 16-foot trailer house within the fence.

Deputies launched an investigation after reports a man had been heard screaming near the Cole house for several days.

Thornton and other deputies hid in bushes near the enclosure and saw the elder Cole lying on the ground.

The son was kicking the old man, Thornton said, and pouring water on him. The arrest followed.

Thornton quoted the younger Cole as saying the treatment was necessary discipline to make his father take care of himself.

Out Of The Past

From the Files of the Star and Sentinel and The Gettysburg Times

TWENTY YEARS AGO

Countians Win F.F.A. Honors: Students from Gettysburg, Ardenstville, and Biglerville Schools have returned from Pennsylvania State College, where they attended the ninth annual Future Farmers of America week.

The boys who attended from Gettysburg High School were Leonard Collins, Floyd Kuhn, Lawrence Heltzel, Jay Hartman, John Schwartz, Wayne Shields, Theodore Horner and Norman Zepp. Hartman tied for second place in the cow judging contest that was conducted among 375 entrants. Heltzel, Kuhn and Collins formed the dairy judging team that won fourth place among 171 teams.

Charles Smith, instructor, accompanied this group from Ardenstville: Mack Raffensperger, L. Roy Keller, Ray Pickering, Wayne Yobe, Wayne Warren and Rodney Spence. Mack Raffensperger placed second in poultry judging among a field of about 400. Rodney Spence placed fifth in corn judging.

The following from Biglerville attended the FFA week: Donald Wenk, Donald Weaver, Harold Rice, Ralph Rice, Ray Peters, Roy Walsh and Arthur Kuntz. This was their first trip to State college to attend FFA meetings. Cecil Snyder, agricultural instructor at Biglerville high school, accompanied the group.

Esther Gray Bigham Weds Hershey Teacher, Saturday: Miss Esther Gray Bigham, daughter of Mr. and Mrs. Samuel Gray Bigham, Biglerville and Urwin Roundtree, Hershey, son of Mrs. Ernest Hopkinson Roundtree, Providence, Rhode Island, were married Saturday afternoon at 4 o'clock in the Paxton Presbyterian church, Paxtang.

Oscar Rice Jr. Is Employed by Conservation Service: Oscar Rice, Jr., son of Mr. and Mrs. Oscar Rice, Biglerville, who will be a senior at State College next year, was one of ten students from the college chosen as assistant engineers for the soil conservation service of Pennsylvania for the summer months. He is now employed in Franklin county.

Anniversary Headquarters Camp Set-Up: Major General Edward C. Shannon, commanding officer of the 28th division of the Pennsylvania National Guard, established the headquarters field camp for the 75th anniversary on the campus of the Women's Division of Gettysburg college late Wednesday afternoon.

Colonel Milton G. Baker has been named executive officer of the headquarters camp with a staff of about 15 officers.

The camp just established will be the headquarters for all other camps erected for the anniversary. Three hundred and fifty National Guardsmen will arrive here Saturday to go into their camp along the Mummusa road.

8,910 Feet Of Town's Streets Are Improved: The members of the highway committee of borough council, in company with Borough Engineer LeRoy H. Winebrenner and other borough officials, on Wednesday evening inspected 8,910 feet of borough streets and alleys that have been patched, tarred, and chipped by borough employees within the last week.

The work forms the greater part of the 1938 street repair program of the borough. It was announced that Franklin street between West High and West Breckenridge streets will be graded and surfaced after the anniversary celebration.

Hudson Heads Health Board: Dr. E. D. Hudson, Hanover street veterinarian, was elected president of the Gettysburg board of health at an organization meeting held Wednesday evening at the fire house. Eric R. Deardorff, West Middle street, was elected secretary of the board and health officer.

Veteran, Aged 90, Arrives for Reunion Early To Get "Pick Of Gettysburg Women": Commander Alvin F. Tolman, 90, Union veteran from Manatee, Florida, arrived in Gettysburg Thursday morning,

Today's Talk

NEVER GET TOO BUSY

Every day I see men and women rushing for a cab, a bus, or some other means of transportation; people busy shopping, working, or merely enjoying themselves, by rushing and worrying over getting somewhere. Never get so busy that you can't eat human. I see people eating too fast, and too much. I see them racing through a meal. Then they will always note some men who will fool around trying to make some people believe that they are "too busy" to see anyone. I called at the office of a man who once ran for President, but was defeated. I had known him for many years and so stopped at his office, but was told the Big Man would see me in a few minutes. There was another man waiting with me — a real prominent one, but both of us waited a long time. I told my friend how unfortunate it was to be too busy — and he agreed with me. I get busy, like millions of others, but I usually have time for those who are my friends, or to whom I can give a boost, for I like to give encouragement to beginners who may show talent worth cultivating.

Some of my finest friends have been discovered in another office, or through some act on my part to give some sort of service. Here are some of the questions an "efficient" secretary asked for the great man behind the closed door, marked "President": "Did you have an appointment?" "What do you want to see him about?" "Does he know you?" "This is really his busiest day." "Why can't I take the message?" "I am his private secretary!" And so forth.

Never get too busy, especially to see a friend. He may not be around tomorrow!

Tomorrow Mr. Adams will talk on the subject: "On Being Lonely"

HOW HE WON

It wasn't by pausing to play.
It wasn't by stopping to rest.
By idling his moments away.
But steadfastly doing his best:
It wasn't by knocking his neighbor Or crying: "The world is unfair."

But by honest and diligent labor He finally landed up there.

It wasn't by sneering at others.
By meddling in others' affairs.
And daily belittling his brothers.
Nor was it by ceaseless complaining That the world isn't run on the square;

But by never a duty disdaining He finally landed up there.

Not by saying the men who employed him Knew less of their business than he.

Or by growling when trifles annoyed him.
And afraid that the world wouldn't see
If he didn't go boasting and bragging
That he often did more than his share!

But by plugging right on, without lagging.
He finally landed up there.

QUIZ DIRECTOR FLUNKS COMMIE TIE QUESTIONS

NEW YORK (AP) — The director of the televised quiz show "Twenty-one" was out of a job today. He was fired after refusing to tell the House Un-American Activities Committee whether he has a past Communist record.

The director, Charles S. Dubin, was questioned Wednesday as the committee opened public hearings into communism in show business. Nine persons in the industry were questioned.

Another questioned was Arthur Lief, American guest conductor of the Moiseyev Russian ballet, now touring this country and playing to packed houses. Lief refused to say if he is presently a Communist party member.

Denies Present Membership

Dubin told the committee he is not now a member of the party, but said he would invoke the Fifth Amendment if asked about past associations.

The National Broadcasting Co. immediately barred Dubin from its facilities. The producers of the quiz show, Jack Barry and Dan Enright, followed suit by firing Dubin.

NBC said "persons who refuse to testify as to their present or past affiliation with the Communist party render themselves unacceptable as . . . employees on NBC programs."

Losers Other Shows

Dubin, a free-lance, also has directed or helped to direct "The Investigator" and parts of the "Omnibus" program.

NBC's action also apparently meant that Dubin will not get the job of producer-director of the Dinah Shore show next season—a position paying \$3,200 a week. Dubin confirmed reports that he had been considered for the job.

Lief said he got the job as guest conductor with the Moiseyev troupe by applying to Sol Hurok, the impresario who brought the sensationalist successful dance group to this country.

The conductor refused to say if he had discussed his political views with Hurok or whether any Communists had helped him get the job.

GIVE FAREWELL DINNER TONIGHT

WASHINGTON (AP) — Philippine President Carlos P. Garcia winds up his drive for major U.S. economic help today, hopeful some agreements will be reached.

The third day of his state visit includes a speech to the National Press Club and talks with Secretary of State Dulles and congressional leaders.

Tonight President and Mrs. Garcia will give a farewell state dinner at the Philippine Embassy for President and Mrs. Eisenhower.

Both Philippine and American financial experts were working on details of a program for Philippine economic development. Garcia has labeled the program urgent and imperative.

A formal statement is to be issued Friday.

The total aid requested by the Philippines has not been disclosed. But it is reported to amount to some 350 million dollars in long term loans and credits.

HARRISBURG (AP) — John H. Hertz, Harrisburg, Wednesday was appointed associate secretary of the Pennsylvania State School Directors Assn., effective Sept. 1.

Hertz, 53, has been with the Department of Public Instruction since 1949. At present he is director of its Bureau of School Business Services.

HARRISBURG (AP) — CIO-AFL President George Meany has advised officers of the Pennsylvania Federation of Labor to keep their offices until the PFL merges with the state CIO, a PFL official reported Wednesday.

Joseph A. McDonough, president of the PFL, said the advice came from Meany in response to a request to him from McDonough for a ruling. Terms of the PFL officials expire July 1.

The Pueblo Indians of New Mexico now inhabit 18 small villages near the Rio Grande River.

Believe Wives May Work Full Time

CARLISLE, Pa. (AP) — Four Methodist district superintendents have backed up on a previous stand that minister's wives shouldn't work full time.

In a report at the annual meeting of the Central Pennsylvania Methodist Conference (560 churches) the superintendents reaffirmed their basic stand, but added:

"We have no doubt that this practice is sometimes necessary and usually helpful in paying old bills, putting children through schools and preparing for that rainy day."

CITES DANGERS OF PLAYING IN UNUSED AUTOS

"Don't let your child play in an unattended vehicle!"

Dr. Amos E. Neyhart, executive director of the Governor's Traffic Safety Council, sounded this appeal to parents today as a safety precaution in protecting the lives of their children.

"This is one phase of teaching child safety that is too often neglected," Dr. Neyhart said, "yet deserves every bit as much attention as teaching children to look both ways before crossing a street, never to walk into a street from between parked cars, never to play in the streets, and the many more common traffic safety precautions."

Dr. Neyhart is administrative head of the Institute of Public Safety, Pennsylvania State University, and is a nationally recognized authority in the field of traffic safety.

"Dangerous Plaything"

"A car or any parked vehicle is attractive to the child who perhaps is thinking forward to the time he will have his own car," he stated.

"Or perhaps it merely represents something to have fun playing in."

"In any event," Dr. Neyhart pointed out, "an unattended vehicle can prove to be a dangerous plaything for a youngster, especially so if it is parked on an incline. It doesn't require too much strength—sometimes a bump is enough if the emergency brake is not properly engaged—to send the vehicle careening down a grade out of control."

The safety expert said tragedies caused by children being trapped in abandoned ice boxes have been largely eliminated in this country because of public indignation.

"It's time that something be done about the danger of children playing in unattended parked vehicles," Dr. Neyhart concluded. "This can be accomplished best if parents fulfill their duties and responsibilities to teach their children sound safety habits, including clear instructions that they are not to play in unattended vehicles."

BANGKOK, Thailand (AP) — U.S. Ambassador U. Alexis Johnson gave presents today to mountain villagers who recently rescued an American after a plane crash.

Carroll J. Howard, a U.S. adviser to Thai border patrol police, is recovering from injuries received in the crash.

Johnson flew by helicopter to the northeastern village of Kaengmaung to present 200 blankets, rice, fish, chili and salt. The villagers gave him in return a live porcupine and a pigmy parrot.

Mrs. Ethel Levenson has gone to Albany, N. Y., where she will visit her brother.

Says Poultrymen Must Push Product

UNIVERSITY PARK, Pa. (AP) — A State Agriculture Department official warned Pennsylvania poultrymen today they are going to have to put on a promotion campaign just to hold their present share of the market.

John L. Rainey, director of the department's Bureau of Markets, urged the poultrymen to "develop a promotable product and find the money and people with which to do the job."

His remarks were prepared for the annual three-day meeting of the Pennsylvania Poultry Federation.

If the Keystone state's poultry and egg producers were to earmark one per cent of their cash income for promotion, he said, an estimated \$1,600,000 would be available for this purpose.

U. S. motor vehicle fatalities in the first quarter of 1958 resulted in 11,000 life insurance death claims for an aggregate of 28 million dollars.

FLOOD CONTROL PROJECTS OK'D

WASHINGTON (AP) — Pennsylvania's efforts to get new flood control and navigation projects have met with success in both the Senate and the House of Representatives.

The House Wednesday passed a modified version of an omnibus rivers and harbors bill authorizing more than 70 million dollars worth of such projects for the Commonwealth. The Senate approved the measure Tuesday. Actual funds must be appropriated in a separate bill.

Largest single project for Pennsylvania in the new bill will provide flood control on the north branch of the Susquehanna River near New York state. It will cost an estimated 30 million dollars.

Also authorized was more than 24 million dollars for four anchorages on the Delaware River near Deepwater Point, Reedy Point, Marcus Hook and Mantua Creek.

Other Pennsylvania flood control projects covered in the bill are for Turtle Creek, an estimated \$13,417,000; Charters Creek, Washington, \$1,286,000; and Sandy Lick Creek, Brookville, \$1,188,000.

The bill also authorizes a flood control survey at Stump Creek, a tributary of the north fork of Mahoning Creek at Sykesville, Jefferson County.

ROME (AP) — Premier Adone Zoli's one-party Christian Democratic Cabinet resigned today to pave the way for a coalition government.

Resignation of the courtly 70-year-old Zoli had been expected since last month's elections. The Christian Democrats again are Italy's strongest political force but Zoli wanted to retire.

BONN, Germany (AP) — Soviet Deputy Foreign Minister Vladimir Semenov left by train today for Moscow after recovering from a heart attack which put him into a Bonn clinic for eight weeks.

Semenov fell ill in April while accompanying Soviet Deputy Premier Anastas Mikoyan on a mission to Bonn.

Lebanon, in the Middle East, has a new sports coliseum seating 50,000 spectators.

70,000 Vehicles Daily On Turnpike

HARRISBURG (AP) — Traffic on the Pennsylvania Turnpike averaged 70,000 vehicles a day during the year ended last May 31, the Turnpike Commission reported today.

That represented almost a 13 per cent increase over the 62,000-a-day average for the preceding 12 months.

Joseph J. Lawler, acting vice chairman, said 25,538,000 toll-paying vehicles traveled the super-highway during the last accounting period. Passenger car volume climbed more than 12 per cent, to 22,023,000, while commercial traffic increased nearly 8 per cent to 3,335,000.

The commission said its gross income for the fiscal year was \$34,279,393, about three million dollars above the 1956-57 fiscal period. Net income was \$22,815,760, about four million dollars higher than the previous period.

PNPA SESSIONS OPEN ON FRIDAY

WERNERSVILLE, Pa. (AP) — Members of the executive committee of the Pennsylvania Newspaper Publishers' Assn. gathered today for a meeting on the eve of the annual summer conference of the association.

The three-day conference formally begins Friday with a joint business session for publishers of both weekly and daily newspapers.

Daily publishers will take part in a labor relations clinic conducted by Albert Spendlove, business manager of the Philadelphia Bulletin.

In a separate session, weekly publishers will hear a round table discussion on "How to Make More Money." The discussion will be led by Carlton U. Baum, co-publisher of the Perkasie News-Herald, and Millard Stoffel, publisher of the Hamburg Item.

Lebanon, in the Middle East, has a new sports coliseum seating 50,000 spectators.

ORDER SCHOOLS TO INTEGRATE

TALLAHASSEE, Fla. (AP) — Integration of University of Florida graduate schools next fall was ordered by a U. S. District Court Wednesday and Gov. Leroy Collins said he expected no difficulty in complying with the decree.

State Sen. Randolph Hodges, started a move, however, to convene the Legislature in special session in an effort to find some way to block the order.

Collins rejected the idea of a special session. He said he saw nothing which could be accomplished.

The order by Federal Judge Dozier Devane broke the solid front of segregation in Florida. A case pending in U. S. District Court at Miami seeks to open public schools to Negroes.

Collins forecast that the Board of Control which supervises the university system will open the Florida State University graduate schools at Tallahassee to Negroes now that those at Florida have been ordered integrated.

Devane's order applies specifically to the college of law and the school of medicine, the four-year degree schools at the university. It also will apply to the graduate programs of the arts and sciences school, the school of education, the engineering school and college of agriculture.

Devane, 74, a staunch believer in states rights, said in a

INFANT LIVES SAVED WITH MODERN CARE

By DOROTHY V. WHIPPLE, M.D.
The Associated Press

Time was when summer was a fearful time for mothers of young babies. Death rates were high during the hot weather season. There used to be an old fear that the "second summer" in a child's life was the most dangerous of all.

The big difference between now and times past is our knowledge of bacteria and sanitation. It was bacteria in the food that caused the greatest trouble. Food spoils easily in warm weather and babies who were fed contaminated food developed diarrhea. In those old days we didn't know how to treat diarrhea and all too often the disease proved fatal to the little patients.

Baby Foods

Nowadays there are a multitude of safe prepared baby foods, and everyone has a refrigerator so that food in the home doesn't spoil any more quickly in summer than in winter.

The first summer a baby was on the breast in the old days and the danger of the second summer was the unpasteurized milk and other unprotected food he was fed.

The chief danger to our children of today with respect to food in the summer is in the meals eaten on picnics and away from home.

Food spoils in 1958 just as it did in 1858. When you go on a picnic, be careful what you feed your children. A delicious potato salad kept warm for three or four hours can cause severe food poisoning. The same thing is true of a meatloaf.

For picnics take food in unopened cans—that's always safe. Or else take raw food that you cook over a campfire. Watch the milk you give your children. It's better to skip the milk on a picnic meal rather than give the youngsters milk that has been warm half the day. Or you can take along some cans of evaporated milk and a little chocolate syrup.

Young Moderns

By VIVIAN BROWN

AP Newsfeatures

Now is the time for all good teen drivers to give that old jalopy a good look-see. Will it see you safely through the summer? Does it need overhauling? Is it in need of a good cleaning? How long has it been since it was washed?

Young moderns fall into one of two brackets when it comes to car ownership: They either neglect the car completely or they spend all their spare time fiddling around with it.

There is life insurance in keeping your car in good form. You'll want a clean radiator. If the car is an old one and the former owner used alcohol anti-freeze, you

rup. The chocolate disguises the canned flavor and the children will drink the special treat with gusto.

Milk Precautions

For the baby never, never carry milk warmed, on a picnic or anywhere else. If you take a feeding with you away from home for your baby, keep it cold in a thermos and warm it up at feeding time. You wouldn't think of warming the 2 p.m. feeding at 10 a.m. if you were staying at home. Don't do it away from home.

Aside from food the next most important thing to watch for summer health is the question of chilling. When it's hot children run and play and get wet and sweaty. Then even a little breeze chills them as it dries the perspiration. Watch out that sweaters and shirts go back on when they stop playing.

In the early part of the summer watch out for overdoses of sunshine. Let the children get tanned gradually. A nasty case of sunburn is no fun.

Teach your children to recognize poison ivy and to stay away from it.

BODY RADAR HELPS BLIND PEOPLE TO SEE

By ERIC WAHA

INNSBRUCK, Austria (AP) — A pretty, blonde doctor of philosophy has discovered that blind people "see" obstacles by means of body radar.

To find out, 22-year-old Helga Domes placed a blindfold over her eyes and for a month lived the life of a person without sight.

"I walked through the streets of Innsbruck for four weeks," she says. "I attended an opera performance and went out in the woods."

"I lived in a home for the blind and I learned their way of reading with their fingers."

Helga found herself being guided by what is called "long distance sense," a sort of body radar.

She says:

"I allowed myself to be guided by this sense. I could easily hear the sound waves reflected from obstacles. The sense worked by a sort of pressure behind the forehead as I approached an obstacle at about five feet."

"The sound waves were not only caused by noise, but also by air being thrown back from an obstacle, or even by light air movement."

Goggles Out Sight

Helga, he, sight cut-off by seven layers of felt and motorcyclists' goggles, was a "guinea pig" of the Innsbruck Institute for Experimental Psychology.

To test her reaction, the scientists plastered her face, made face muscles rigid by injections and clamped her nose. But it turned out that all this did not handicap her newly-acquired "long - distance sense."

However, as soon as her ears were stuffed up, she lost the sense and

may find yourself stalled one warm day when heading beachward. As a precaution, drain the radiator, close the drain cock, pour in a solution of two gallons of hot water and a full package of washing soda concentrate and run the motor for twenty minutes. Drain the solution and flush the cooling system with fresh water, say the car experts.

Check Battery Terminals

You can get plastic seat covers or plastic upholstery in shape with a good solution of washing soda which should remove grease laden dirt.

Clean battery terminals, a part of the car's anatomy that may be forgotten. Corroded terminals may make starting the car difficult. Use baking soda. Cell caps should be firmly placed before you begin painting them with a solution of one tablespoon of baking soda per quart of water. The soda neutralizes the acid and cuts corrosion. After drying them, coat the terminals with petroleum jelly to prevent future corrosion.

Windshield wipers can be a menace unless they are kept clean. They may gather grease from the windshield, so that when you drive on a rainy night the windshield is soon spread with oily film that may blur oncoming car lights. It's a good safety precaution to sponge off the wipers a couple of times a week.

Remember, too, to keep your eye on the speedometer. It doesn't pay to race the highway to keep a date a few minutes early. You may just land on a stretcher for your trouble.

ACTING AN ADAGE — Different action by these chimpanzees typifies the Oriental saying — Hear no evil, see no evil, speak no evil — in their quarters at Frankfurt, Germany, zoo.

knocked against the obstacles.

In the first week of the experiment, Helga "recognized" a wall at a distance of half a yard. In the fourth week, she was able to move without hesitation in a forest, her eyes bound up as usual, without knocking against a tree.

The scientists said Helga had proved beyond doubt that "long distance sense" develops in blind people.

Helga also examined the psychological effects of blindness.

She said:

"A blind human being is suspicious. They have to rely on voices to judge people. Afterwards I often found out that I was 'cheated' by some voices. If I heard a high voice, I thought of a tall, thin person. Another time I thought the man I talked to was small, but I found out that he merely had crouched. Sometimes such things are done without purpose but result in a rousing perpetual suspicion in a blind person."

"You also become frightened. I was terrorized by the noise of small

objects falling to the ground or by the barking of dogs. Small, everyday things became huge problems; if I forgot, for instance, to smell the tooth paste before using it, I brushed my teeth with face cream."

"When the experiment was over and I took off the goggles and the felt strip, I was not happy at first. The world appeared strange, colors too piercing and the mountains too high. Only 24 hours afterwards was I happy again to be able to see."

WOMEN BUYING MORE CHEMISE

The Associated Press

"I don't know what all the fuss is about," says Leonard Arkin, veteran New York dress manufacturer. "People keep on arguing about the chemise, but as for us—we just sell them. Women must be buying them, or we wouldn't have so many re-orders from all the stores."

"The chemise silhouette is standard now in our regular line," says his son Andrew. "It's no novelty any more and it's selling like hot cakes. We have one summer chemise in black cotton lace that has sold over 5,000 units, not to mention all the copies that are all over the place."

Trapeze Silhouette Newest

The Arkins, father and son, don't worry about whether American husbands like the sack silhouette, so long as American wives and daughters buy it. And that's just what they're doing, in big cities and little towns all over the country, according to reports of the Arkins and other New York dress manufacturers.

"The trapeze silhouette is newer than the chemise," says Andrew, "and it's even more popular, because it's a little easier for the average woman to wear. It's the novelty in our line, and we're making lots of trapeze dresses and suits for fall—not the whole line, of course, but a good part of it."

For the transitional season between summer and fall, the Arkins are showing dark cottons and silks, and a special group of cotton tweeds, perfect for travel or town wear in late summer and early fall. Among the most successful designs in this group are a flaring trapeze

Expects Balance In Skyline Loop

SALT LAKE CITY (AP) — Coach Jack Gardner of the University of Utah says he expects the Skyline Conference basketball conference will be more balanced next season.

Wyoming, the league champion, stumbled in its final two games yet finished a game ahead of the pack.

"I've never seen a year in which every school had so many young players," Gardner says.

Student Works Out Scoring Formula

PROVO, Utah (AP) — Russ Peterson of Brigham Young University, a physics student, has worked out a scientific formula for getting the basketball through the hoop. The player's height and distance from the basket figures in the equation.

Peterson, who didn't finish among the top scorers in the Skyline Conference last season, is waiting for next season to try out the formula.

COMMUNITY
BIBLE SCHOOL
ENDS FRIDAY

The Community Daily Vacation Bible School, now in progress, under the sponsorship of the Littlestown Ministerium, will conclude on Friday after sessions for eight days. The school will convene at the regular time, 8:45 a.m. Friday, in the E. King St. school building.

A program will be presented by the pupils at 10 a.m. in Redeemer's United Church of Christ, and parents and friends are invited to attend. There will be songs, recitations, finger plays, etc., by the children. Work done by the pupils will also be displayed, to include crafts, book work, etc., in the classrooms following the program, when attendance certificates will also be awarded.

The annual picnic for the Bible School children will be held at 1:30 p.m. Friday on the community playground. There will be group games and refreshments. In case of rain, the picnic will be held at the same time in the classrooms of the school. Children who are not Bible School pupils present at the picnic will be asked a small fee for refreshments. The picnic will be over at approximately 2:45 p.m.

Anniversary Offering
The Rev. Glenn Flinchbaugh, pastor of Redeemer's United Church of Christ, has announced that the 98th anniversary offering received through the Sunday School and other organizations of the church totals \$553.66 for the church organ fund. The communion offering envelopes will be received for the benefit of the organ fund, at the services on Sunday at 8:30 and 10:30 a.m.

Postpone Picnic
The annual picnic and fishing contest for Cub Pack No. 84 has been postponed to next Wednesday, at 9 a.m. for activities in connection

Rex Baxter, Other
Favorites Winners

HUTCHINSON, Kan. (AP) — Defending champion Rex Baxter and most of the other favorites won first round matches Wednesday in the annual Trans-Mississippi Amateur Golf Tournament.

Playing in the rain over Prairie Dunes 6,526 yards, Baxter, of Amarillo, Tex., defeated Emerson Carey III of Denver 4 and 3. Only two highly regarded contenders were eliminated. Jim Vickers of Wichita, the 1950 NCAA champion, suffered his third straight Trans-Mississippi defeat at the hands of Richard Norville, Norville, of Oklahoma City, won 2 and 1.

June 25, 6:30 p.m. at the Littlestown Fish and Game Farm, near town. The affair for the Cubs and their families was not held last evening as previously planned due to the cool weather. However, the Cubs went to the American Legion home to see films on safety, the current program for study.

Pack 84 will conduct a chicken salad sandwich sale in the community on Saturday morning. The Cubs will meet at 8:30 a.m. at the homes of their den mother, from where they will canvass the town selling sandwiches. Cash donations are being welcomed from parents to assist in purchasing the ingredients for the sandwiches. The sale is being held to raise funds for summer activities of the Pack, including the overnight hike and big league baseball game.

The Boy Scouts of Troop 84 went to Natural Dam last evening, to clean the camp site in preparation for the annual week of camping starting June 28. The boys also went swimming Wednesday. The was accompanied by Scoutmaster Edgar A. Wolfe, assistants Paul E. Renner, Noah V. Brown, John R. Rudisill and troop committeemen L. D. Snyder and Charles E. Ritter and U. Ray Study. The boys will report to the court room this evening at 6:30 o'clock and Saturday at 9 a.m. for activities in connection

with the troop safety program.

4-H Club Elects
Election of officers was held at the meeting of the Littlestown 4-H Club on Monday afternoon in the Grace Church parish hall. Two Taverna. Elected were: President, Kathy Miller; vice president, Sally Brown; secretary-treasurer, JoAnn Beamer; game leader, Gloria Bowers; song leader, Barbara Sentz; news reporter, Judy Wolfe.

The girls were given their choice of two projects for the summer, sewing or child care. Miss Ruth Gordon, assistant to the home economist in the county, explained each project briefly. The 4-H Club will meet again next Monday at 1:30 p.m.

Hear Local Pastor

The Rev. William C. Karns, pastor of St. John's Lutheran Church, was the guest speaker at the dinner meeting of the local Rotary Club on Tuesday evening at Schottie's Hotel. Pastor Karns spoke on the subject "The Origin and Development Of The Flag."

Installation of officers will take place at the meeting next Tuesday, 6:15 p.m., at Schottie's. Elected recently were: Frank E. Basehor, president; L. Robert Snyder, vice president; Charles E. Rabenstein, secretary; Edward H. Leister, treasurer; C. Bernard Stuller, sergeant-at-arms; L. Robert Snyder, song leader; Lloyd L. Stavelly, bulletin editor. The retiring president, A. G. Ealy, will present his annual report. The program committee, George P. Smith, chairman, will be in charge.

Class Holds Meeting
The first meeting of the Mothers' class of St. Paul's Lutheran Church was held on Monday evening at the church, during which time a name was chosen for the group to be known in the future as the Young Women's Bible Class. Mrs. Carroll E. Arter is the teacher.

Mrs. Wilmer Dutterer and Mrs. Robert R. Reinman comprised the evening's hostess committee, and the devotions included group singing; Scripture, Mrs. Reinman; prayer, Mrs. Arter; poem, Mrs. Dutterer. Mrs. Robert Wiseman, vice president, presided for the business

ORRTANNA — Daily Vacation Bible School opened at the local Methodist Church on Monday and will continue through June 27 with Mrs. Margaret King, director; Mrs. Irene Stansbury, secretary; Mrs. Alma Donaldson, pianist, and the following instructors: Mrs. Mary Tressler, teen-agers, with Miss Connie McClellan as helper; Mrs. Althea

and heard reports from the secretary, Mrs. Luther Hess Jr., and treasurer, Mrs. Ivan Miller. Mrs. Thomas E. Craig was appointed to send cards to members of the class who may become ill. Mrs. Arter and Mrs. Ray T. Harner were appointed to be hostesses for the next regular meeting on Monday, September 15, 8 p.m., at the church.

March, in charge of the juniors, with Mrs. Beulah Newell as her helper; Mrs. Louetta Deardorff in charge of the primary group with Mrs. Mary McClain, Mrs. Hazel McDannel and Mrs. Byron Cease as her helpers; Mrs. Helen Rebert, kindergarten group, with Mrs. Carolyn Biesecker, Mrs. Erika Naugle and Mrs. June White as helpers. There are 36 pupils enrolled.

Mrs. Alverta Holland and Mrs. Bert Johnson, Wilkesboro, N. C., are spending the week with Mr. and Mrs. Tracey Wyatt here and with Mr. and Mrs. Paul Holland, Biglerville R. 2. Mrs. Holland is the mother of Mrs. Wyatt and Paul Holland. Forty-four persons attended the father-son banquet at the Mt. Carmel EUB Church social hall Saturday evening. The oldest father present was E. J. Naugle, 84. The honor of having the most sons pres-

ent went to J. E. Spence with seven of nine sons attending. A ham supper was served by the ladies of the church.

Mr. and Mrs. Clarence Pryor and twin sons, Larry and Gary, and daughter, Norma, and Mr. and Mrs. Robert Pryor, Marion, Ohio, spent the weekend with Mrs. Ruth Shindiedecker and Mr. and Mrs. George Haines.

Wesley Taylor, Manchester, York County, spent Wednesday with Mr. and Mrs. Luther Wetzel. Ralph Spence, Orrtanna R. D., Hanover, have returned from an auto trip to Wildwood, N. J.

Mr. and Mrs. Brady Hill and son, Russell, Chambersburg, were Sunday guests of Mr. and Mrs. Raymond Pepple and son, Lowell.

The following from here were on a tour last week to Valley Forge and Longwood Gardens: Mrs. Ruth Deardorff, Mrs. Howard Musselman, Mrs. James Donaldson, Mrs. Verna Yoder, Mrs. Leila McDannel, Mrs. Wilmer Wetzel and Mrs. Evelyn Boyer.

MISCOUNTED ISRAELITES

PITTSBURGH — In the current issue of the Journal of Biblical Literature, Dr. George E. Mendenhall, of the University of Michigan, cites extensive new findings to show that the number of Israelites in the desert after the exodus from Egypt was not the traditionally believed 600,000 — but about 6,000.

GUILD PLANS
COURT ACTION
ON 'PRESSURE'

PHILADELPHIA (AP) — The Philadelphia Inquirer Unit of the American Newspaper Guild says it will file suit against the morning newspaper for allegedly threatening striking employees with loss of their jobs.

This announcement Wednesday was the latest development in the 19 day strike of the unit, representing editorial and clerical workers, and of Teamsters Local 638.

The Teamsters strike also has halted home and news stand delivery of the Bulletin, Philadelphia's major evening newspaper, and the evening Courier-Post in nearby Camden, N.J. The Bulletin and the Courier-Post have no guild units.

William S. Hall, guild unit chairman, said the unfair labor practices suit is being filed because "management has pressured members of the guild to return to work with inadequate increases which the union previously rejected."

Hall referred to a management letter to each guildsman advising them to return to work today or risk loss of their jobs. The guild quoted the letter as

Morrow Will Play
At Braddock Heights

Buddy Morrow, one of the nation's top trombonists, and his orchestra, will play at the Braddock Heights dance pavilion, Braddock Heights Park, Md., on June 26, from 9 to 11.

Morrow and his band, RCA-Victor recording star, has set up a code of listenable, danceable rhythms popular with customers and critics alike.

His career was interrupted by a hitch in the United States Navy after which he returned to radio work for a short time and then filled in as an orchestra leader.

Among his top recordings are such favorites as "Night Train," "One Mint Julep" and "Re-enlistment Blues."

saying the strikers, if they return to work, would be paid pre-strike wages plus increases offered during pre-strike negotiations.

A management spokesman, Frederick Chait, chairman of the Inquirer Operating Committee, said the newspaper has not exerted pressure on anyone. He said the suit would be dealt with before the national labor relations board.

Meanwhile negotiations with federal mediators to settle the guild dispute were to resume today. The last negotiations in the Teamsters dispute were Friday.

TAX CUTTING EFFORTS MAY BE REJECTED

By JOE HALL

WASHINGTON (AP)—The Senate appeared likely today to reject all tax cutting efforts and pass a bill to extend present corporation and major excise tax rates for another year.

That action would send the measure to President Eisenhower well in advance of the June 30, date the levies would drop automatically. The House already has passed for another year.

Before debate began Wednesday one amendment had appeared to have a chance of adoption—a proposal to eliminate the 3 per cent freight tax and the 10 per cent levy on passenger travel.

But sponsors of this amendment conceded it had lost considerable ground because of combined pressure from the Eisenhower administration and Democratic and Republican Senate leaders against it.

Before reaching it, the Senate considers an amendment by Sen. Pat McNamara (D-Mich) to end the 10 per cent tax on automobile and have a similar levy on trucks. Supporters held little hope it would be adopted.

The Senate defeated 65-23 Wednesday the first floor amendment—a proposal of Sen. Paul H. Douglas (D-Ill) for a six-billion-dollar tax cut to stimulate business in the recession.

Sen. Harry F. Byrd (D-Va), floor manager for the bill, said this could lead to an 18-billion-dollar federal deficit in the next year and require a boost in the debt limit to 300 billion dollars.

Tune In WGET, 1450 On Your Dial

Taneytown

TANEYTOWN — The Emmitsburg and Taneytown Presbyterian Churches have issued a call to the Rev. William M. Hendricks, now serving churches in Portersville, Pa. He is a graduate of Pennsylvania State University and the Xenia Presbyterian Seminary. The United Presbyterian and the Presbyterian Church U. S. A. have recently merged. Mr. and Mrs. Hendricks expect to take up their residence in Taneytown in July when Mr. Hendricks will assume the office as pastor of the two congregations.

Guests of Rev. and Mrs. Miles S. Reifsnider, Baust Church, this week were Mr. and Mrs. John Hodges, son, John Jr., and daughter, Jane Alexis, Amarillo, Texas; Rev. and Mrs. Willard Stevens, son, Richard, and daughter, Detria Kay, Portageville, Mo.; Miss Millcent Rozann McCloskey, Snyder, Texas, and Mr. and Mrs. John Yoh, Wernersville, Pa.

The fourth son of Mr. and Mrs. Albert J. Rosenwald, Utica, Md., will be baptized in St. John's Catholic Church, Frederick, Sunday at 10 o'clock. The child will be christened Joseph Mark. Mr. and Mrs. George V. Arnold Sr., Taneytown, will be the godparents. Mrs. Rosenwald is the former Miss Julia Arnold, daughter of Mr. and Mrs. Charles R. Arnold, E. U. N. COMMITTEE ON HUNGARY TO RUSH MEETING

By WILLIAM N. OATIS

UNITED NATIONS, N. Y. (AP)—A speedy meeting of the U. N. watchdog committee on Hungary was in the offing today to set up a sounding board for the non-Communist world's shock and indignation over the execution of Imre Nagy and three other leaders of the abortive Hungarian revolt.

Western reaction to the Moscow-directed executions ranged from Italy's decision to curtail diplomatic relations with the Budapest regime to a refugee demonstration against the Hungarian team at the world soccer games in Stockholm.

Committee Founded In 1957 E. Ronald Walker of Australia, acting chairman of the five-member U. N. committee, said he had several requests for a meeting. He asked the U. N. secretariat to set one up "as soon as practicable" and said it might be held tomorrow.

Composed of members from Denmark, Ceylon, Tunisia, Australia and Uruguay, the committee was established by the General Assembly in 1957. It found the Soviet Union guilty of "massive repression" in putting down

the 1956 revolt in Hungary. The execution of Nagy and his associates brought immediate suggestions for a resumption of its inquiry.

Another suggestion was for a public meeting to dramatize U. N. concern. Previous meetings generally have been held in private. The United States has attempted to focus attention on Soviet tactics during the revolt whenever possible, and the U. S. delegation began pressing for a committee meeting soon after the executions were announced by Moscow this week.

700 Workers In 4 Plants Strike

ALLENTOWN, Pa. (AP)—Some 700 workers have struck four Air Products, Inc., plants rather than continue work without a contract. The contract with Lodges 917 and 2200, International Assn. of Machinists, expired Sunday and the workers voted to walk out Wednesday.

Picketing started immediately at plants in Allentown, Emmaus, Trexlerstown and Hanover Township. The company makes oxygen and gas equipment.

At issue are wages, job classifications and fringe benefits. Specific union demands and company offers were not disclosed. Nor were present wage scales disclosed.

SCOUTS ACTIVE ON CAMP PLANS IN EMMITSBURG

The Flaming Arrow Boy Scout Troop at Emmitsburg have started activities to prepare for the tests expected later in the summer at Camp Roosevelt when the local group will join the Scouts in a great camporee.

Scout leader J. Edward Houck hiked his youngsters under full pack to Poplar Ridge near Rocky Ridge where the troop slept out and prepared dinner and breakfast before trekking back to town Tuesday morning.

Next week the Scouts will again be on the march as they head toward Blue Ridge where they will again camp overnight.

Emmitsburg youngsters are faced with a difficult test these days as they decide whether to skip Scout activities or pass up Little League play. Some of the more enterprising manage to make both events. But the week's stay at Camp Roosevelt is apt to play hob with Little League standings as managers face league opponents minus many of their stars.

Largest Group
Scoutmaster Houck has built up the largest and most enthusiastic group of scouts in the history of the town. Every Tuesday the Scouts assemble at headquarters just off the Community Field for a regularly planned group of activities.

In addition the Scouts have taken a hand in helping out at many of the town's major events. They were active as ushers and handymen at last year's bicentennial and horse show and they were energetic ticket salesmen for the Lions-sponsored rodeo. With good reason since the Lions in turn sponsor the local Scout troop.

Sullivan To Spark Quantic Cagers

Mountaineer basketball fans will see a familiar face at Memorial gym during next basketball season when Jack Sullivan aims at his old gym record. Unfortunately for Jim Phelan and his Mountie cagers, Sullivan will be wearing enemy garb as he heads up the strong Quantic Marine team.

After a fine season with the Peoria Cats, Sully began his Marine training just prior to the AAU tourney. He finished Marine basic and received his lieutenant's bars, third high man in his class, a week ago.

Drafted by the Warriors after his record-breaking years at Mount St. Mary's, Sullivan left the Warriors when it was obvious that he would see little action and signed with the Peoria team. After a slow start which saw him used only infrequently while he learned the new style of play, Sully caught fire in midseason to post one of the top scoring records from the point of view of effectiveness in the league. He also led all rookie scorers, and except for the fact that he missed the tourney might have won "rookie-of-the-year" honors.

Following his Marine service Sullivan expects to rejoin his mates at Peoria.

SHRINE LURES RECORD CROWDS

The fame of the grotto of Our Lady at Mount St. Mary's College is drawing record groups of pilgrims to the mountain retreat until this year a spot frequented only by the seminarians and college boys.

The Rev. Hugh Phillips, director of the grotto, has reported that more than 7,000 pilgrims visited the grotto during the month of May. Special indulgences have been granted by the Holy Father for the Lourdes jubilee year and as a result many Maryland and Pennsylvania pastors have regularly scheduled pilgrimages both to the grotto and the tomb of Mother Seton at St. Joseph College.

Access to the grotto has been improved by the surfacing of the mountain road and the construction of a parking area in the vicinity. During May, benediction was offered every afternoon. At present many regularly planned pilgrimages also conduct services.

Fr. Phillips reports that he has had countless inquiries about the Mountain haven, the oldest Lourdes replica in the United States.

ring ceremony performed at Elias Emmitsburg, on Sunday at 2 p.m., by the bride's pastor, Rev. Philip Bower. The organist, Miss Ruth Shuff, played the traditional wedding marches and other music.

The bride, given in marriage by her father, wore a white nylon street-length dress with white accessories and carried a bouquet of white roses with baby's-breath.

The maid of honor was Miss Betty Hahn, sister of the groom, who was attired in a light blue taffeta dress of street length. Her bouquet was of mixed carnations.

The best man was Lewis Smith, a brother of the bride, and the usher was Robert Saylor, a cousin of the bride, from Rocky Ridge, Md.

The bride's mother wore a light blue flowered dress with white accessories and a corsage of white carnations.

Reception Is Held
The groom's mother wore a dress of navy blue silk with white accessories and a corsage of red rosebuds.

Immediately following the ceremony a reception for approximately 150 guests was held in the parish house after which the couple left for a month's wedding trip to California.

The bride's traveling outfit was a pink dress, white accessories, and a corsage of white carnations. Upon their return, the couple will reside in a mobile home near Emmitsburg.

The bride graduated from Emmitsburg High School in 1948 and is employed at the Emmitsburg Manufacturing Company.

The groom attended Thurmont High School, served in the U. S. Army, and is employed at the Claire Frock Company, Thurmont.

Out-of-town guests were from Hanover, Thurmont, Taneytown and Hyattsville.

Auto Accident Suit Settled For \$1,950

Suit for injuries sustained by a minor in an automobile accident in Emmitsburg October 23, 1957, has been settled out of court for \$1,950 and court costs, according to Frederick County docket entries.

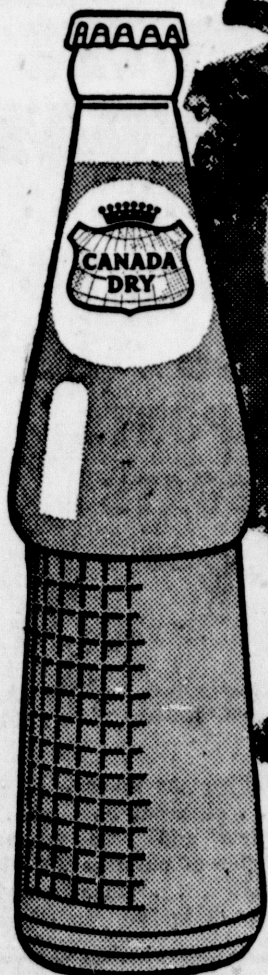

The suit was entered by Karl S. Miller through his father, Clifford L. Miller, against Daniel P. Flannigan and Mrs. Robert Dougherty.

The plaintiff, through his attorney, Edwin F. Nikirk, said the car was an occupant of a car operated by Flannigan and owned by Mrs. Dougherty which crashed into an embankment while going north on U. S. 15. He claimed permanent and disfiguring injuries about the face, mouth and body.

SEVENTH DAY ADVENTISTS IN ANNUAL SESSION

CLEVELAND, Ohio — The quadrennial world session of the Seventh Day Adventist Church opened here today with delegates and visitors from 90 countries in attendance. Large delegations are expected from every Adventist church in Ohio, Pennsylvania, New Jersey, Virginia, West Virginia, Maryland and Delaware, as well as in other nearby states.

The session is the most important of all meetings to Seventh Day Adventists and its decisions constitute the highest voice of the church.

Some 20,000 persons are expected to attend this weekend. Services in many churches in Ohio and Pennsylvania are being curtailed in order that full congregations may attend the parley.

The keynote address will be given by Reuben R. Fighur, of Washington, D. C., world president of the Adventist Church, in the Cleveland Public Auditorium.

A major item of business is the election of officers for the world headquarters of the church. Officers of ten major divisions of the church overseas will also be elected.

On Saturday the delegates and visitors will observe a "Day of Fasting and Prayer" for "the troubled world." The convention will close Sunday night, June 29.

The average farm in New Jersey consists of about 75 acres, compared to between 200 and 700 in Arizona and California.

Negro Woman Steals Tons Of Clothing

MEMPHIS, Tenn. (AP)—Police needed a five-ton truck Wednesday to haul to headquarters about \$8,000 worth of goods a woman is accused of shoplifting.

The merchandise included eight fur coats—three of them mink—153 dresses, 80 skirts, 50 handbags, 76 sweaters, 43 pairs of curtains, 88 silk blouses, stacks of men's clothing, sheets, towels, radios and clocks.

Detective Chief Charles Young said the goods were found in the home of Mrs. Sadie Mae Draper, 29, Negro. She was charged with grand larceny.

HAMMARSKJOLD VISIT BRINGS HOPE IN LEBANON

By TOM MASTERSON

BEIRUT, Lebanon (AP) — U.N. Secretary General Dag Hammarskjold arrived in Beirut today, bringing a glimmer of hope that he might end Lebanon's rebellion. The international diplomat flew in at dawn from London and New York. His reputation in the Middle East for mediating ticklish quarrels gave Lebanese some hope he might succeed where others failed.

The crisis-ridden country has endured 41 days of fighting, bombing, shootings and strikes in an effort by opposition political factions to overthrow pro-Western President Camille Chamoun. The people are thoroughly fed up and are looking for any solution that will end the trouble.

Promise Truce
Rebel leaders have promised a truce while Hammarskjold is here. A furious battle raged in Beirut Wednesday, but government forces finally beat back the rebels and restored an uneasy quiet.

After a brief rest at his hotel, Hammarskjold began talks with Norwegian Maj. Gen. Odd Bull, former President Gato Plaza Lasv of Ecuador and former Indian Ambassador to the U.N. Rejeswar Dayal — the three leaders of the U.N. observation team ordered by the Security Council to watch out for any aid to the rebels from the neighboring United Arab Republic.

As usual, Hammarskjold refused to comment to newsmen on his plans. There was speculation he might, after conferring with the Lebanese, go on to Cairo to talk with U.A.R. President Nasser.

Would Need 5,000
Some 50 unarmed observers already are here to check Lebanon's 150-mile border with the Syrian province of the U.A.R. The Lebanese government feels, however, that observation is not

enough.

It decided Tuesday to ask Hammarskjold for a sizable body of troops similar to the U.N. Emergency Force which separates Israel and Egyptian soldiers along their border.

Military experts here estimate that 5,000 troops would be needed to seal the rugged mountain border.

WORLD ISSUES BEFORE CHURCH SESSION TODAY

CARLISLE, Pa. (AP) — Delegates to the 90th annual meeting

of the Central Pennsylvania Conference of the Methodist Church dealing their attention today to matters of world peace and social and economic relations.

A halt to nuclear bomb tests, recognition of Red China, a summit conference and other matters dealing with United States foreign and domestic policy were among recommendations contained in reports prepared for submission on the second day of the five day conference.

At Wednesday's opening session the delegates heard their four district superintendents plead that the 120,000 members of the conference "open their doors completely to the appointment of pastors, regardless of race."

Warns About Colleges
Wednesday night, Dr. Harold C. Case, president of Boston Univer-

sity and a Methodist minister, warned that unless there is "far more support of church-related colleges will become tax supported and lost to the church."

The district superintendents' plea for an open door attitude towards pastoral assignments was contained in a composite report read by Dr. F. LaMont Henninger, Harrisburg superintendent.

"We in the north sometimes point fingers of accusations and condemnation at our brothers in the south because of the way we think they handle, or mishandle, the whole problem of race and racial relationships," the report said. "Yet, we are not always Christian in our attitude of behavior when the problem comes close to us. Even in Central Pennsylvania some would say the Negro should 'know his place and stay there.'"

The Mitchell Memorial Church of Harrisburg, the conference's only Negro congregation, "has become an experience of true Christian fellowship," the report added.

Referring to their comments of a year ago about ministers' wives seeking fulltime employment outside the home, the superintendents again questioned the wisdom of the practice. But they admitted that "we have no doubt that this practice is sometimes necessary and usually helpful in paying old bills, putting children through school and preparing for that rainy day."

Iceland was first colonized by Irish monks in the year 875. It belonged to Denmark; became a free republic in 1944.

Central Penn Golf Play Opens Today

HARRISBURG (AP) — Golfers from 15 mid state clubs opened competition today in the 35th annual Central Penn. Amateur golf tournament.

Each entrant must play an 18-hole qualifying round either today or Friday on the par 72, 6,955-yard West Shore Country Club course. The first two rounds will be held Saturday with the semifinals and finals scheduled for Sunday.

With last year's champion, Andy Stofko of Harrisburg, out of it, the competition appears wide open. Stofko turned professional.

President Tyler saw himself burned in effigy before the White House.

DOMINICANS IRKED BY BLAST AGAINST RAFAEL

CIUDAD TRUJILLO, Dominican Republic (AP)—Stung by criticism in the American Congress of young Rafael Trujillo's play-boy habits, the Dominican Congress has asked the government to pull out of all U. S. aid agreements.

Under one of the pacts the United States maintains a station in the Caribbean republic to track its guided missiles.

The Dominican Congress, a rubber stamp for Dictator-Generalissimo Rafael Trujillo Sr., made no mention of the fancy presents Lt. Gen. Trujillo Jr. gave to movie actresses Zsa Zsa Gabor and Im Novak.

Instead in its resolution Congress said "the attacks that some U. S. congressmen have directed against the Dominican Republic in terms offensive to her national dignity would not have occurred" if U. S. aid had not been accepted.

Haiti Is Available

The resolution forwarded to President Hector Trujillo, the generalissimo's brother, asked for an end to agreements providing U. S. military aid of \$600,000 a year; technical assistance, and cooperation on peaceful uses of atomic energy.

If the Trujillos cancel the missile-tracking agreement, the United States could look next door to Haiti, which has offered to serve as a tracking base.

Young Trujillo at 29 is head of the Dominican air force and this week was made head of the combined chiefs of staff. U. S. congressmen first criticized him for his lavish expenditures in Hollywood when he was supposed to be attending the U. S. Army's Command and General Staff School in Leavenworth, Kan.

Seeks Yankee Wife
The Dominican government countered that Trujillo was a rich man and was spending his own money.

Things might have calmed down if Rep. Charles B. Brownson, an Indiana Republican, hadn't revealed last week that Trujillo Jr. wasn't graduating from Leavenworth because he hadn't finished the course. The generalissimo retaliated with an anti-U. S. blast, ordered 30 Dominican cadets and officers out of U. S. military schools, and summoned his Congress to act.

Young Trujillo, who is divorcing his wife, has returned to Hollywood. Zsa Zsa said she would try to find him a new spouse and would throw a party for him aboard his family yacht, which came to California to sail him home.

HARRISBURG (AP)—Howard H. Solomon, Williamsport, has been appointed a statistician with the Bureau of Employment Security in the State Department of Labor and Industry at \$5,268 annually. The appointment, effective May 29, was announced Wednesday.

More Fruit, Vegetables
Fryer prices are being cut in a number of regions while joint veal chops are steady to a little lower. Leg of lamb is still moving upward and changes in pork chops are widely scrambled.

Some stores are raising egg prices by 2 to 6 cents a dozen. Butter is generally unchanged.

If housewives find meat prices are hard on the pocketbook, they may turn to the increasing supply of fruits and vegetables.

Produce men report excellent vegetable buys in iceberg, Romaine and Boston lettuce, beets, endive, escarole, radishes, cabbage, spinach, cauliflower and rhubarb.

Among the good buys are snap beans, asparagus, Western carrots, cucumbers, green peppers, California and Florida potatoes, Florida corn and Western lettuce.

Numerous stores will feature newly arrived canteloupe and watermelon.

Best fruit buys, according to produce men, are watermelons, pineapples, bananas and Southern peaches.

Cantaloupes and strawberries are classed as good buys. Southern blueberries and Western cherries are becoming more plentiful, but are a little higher priced.

The Virgin Islands (40 miles east of Puerto Rico) were purchased by the U. S. from Denmark in 1917 for 25 million dollars.

CRAZY QUILT PATTERN FOR MEAT PRICES

By THE ASSOCIATED PRESS

Retail meat prices will follow a crazy quilt course this weekend and shoppers will find a wide range of specials in supermarkets and neighborhood grocery stores.

Heading the lineup of features will be fowl, fish, beef and veal. Housewives may have to do some hunting for good buys, as prices are irregular.

For example, one leading chain will advertise a sharp reduction in the price of sirloin steak in some Eastern cities, but also will be upping the price of sirloin in other areas.

Motorist Is Killed; Crashed In Storm

WILLIAMSPORT, Pa. (AP)—A motorist was killed and his two passengers injured Wednesday in South Williamsport when a car went out of control and skidded into a guard rail during a heavy rainstorm.

The dead man, Jack L. Sargent, 34, Cogan Station R. D. 1, was thrown out of the car against a metal fence post. One of his two passengers, Eugene Henley, 34, Williamsport, also was thrown out of the car.

Henley was detained in Williamsport hospital with fractures of both shoulders. He was reported in satisfactory condition.

The other passenger, Brady Walter, 31, Duboisstown, was treated at the hospital and discharged.

Suggest British Evacuate Lebanon

LONDON (AP)—The Foreign Office said today nearly 3,000 British subjects and their families have been advised officially to consider leaving Lebanon because that country's troubles show no signs of subsiding.

A spokesman told a news conference the advice has been extended to wives and families of British diplomats and British subjects who work in Lebanon.

The spokesman shed no light on a general assumption here that British forces are ready to intervene in Lebanon if Britain is asked to do so by the United Nations or by the Lebanese government.

TRIBUTE TO JAPS

TACHIKAWA, Japan (AP)—An Air Force plane will drop a wreath and flask of rice wine off Saipan Saturday to honor members of a Japanese submarine crew that perished fighting Americans 13 years ago.

The Air Force agreed to the gesture at the request of one of its Japanese employees, a surviving member of the squadron.

DEATHS

By THE ASSOCIATED PRESS

VIENNA (AP)—Raoul Aslan, 72, actor-director, died Tuesday night of a heart attack. He was the grand old man of Vienna's famous Burg Theater.

DENVER (AP)—Martin Burrus, 39, son of a wealthy banker and tobacco factory owner in Zurich, Switzerland, died Tuesday of a heart attack. He was stricken while participating in a search for a lost boy near Boulder, Colo.

MIAMI, Fla. (AP)—Mrs. Dolly Fogarty Stanislawski, 54, whose late husband, Johnny, gained wide note in 1954 as "the man nobody wanted," died Monday of throat cancer. Stanislawski illegally entered the United States at the age of 17 from Poland when it was a German possession and served a prison term before winning citizenship at the age of 61.

TORONTO (AP)—Antoine Bullock, 72, winner of a gold medal for his sugar pastry and one of Canada's greatest chefs, who retired two years ago after 34 years at the King Edward Hotel, died Wednesday. He was born in Gueugnon, France.

PEORIA, Ill. (AP)—Edward F. Blomeyer, 95, a railroad industry pioneer who was a prime mover in the drive to open up the swamps of southeast Missouri and who served as president of the Pere Marquette Steamship Co., and the Manistique, Marquette and Northern Railway, died Wednesday.

Fredrick H. Mueller, assistant secretary of commerce for domestic affairs, will address the group tonight. Officers will be elected Friday.

Amish "CO" Has Prison Breakdown

CLEVELAND (AP)—Federal Judge James C. Connell revealed today an Ohio amish youth who went to prison rather than be drafted into the armed forces suffered a mental breakdown and has been released.

Judge Connell said Benjamin Kauffman, 23, of Fredericksburg, is en route to a mental institution. Kauffman suffered a breakdown at the federal penitentiary at Lewisburg, Pa., where he was serving an 18-month sentence, the judge said.

Kauffman, for religious reasons, elected last month to go to prison rather than be drafted or serve in a hospital in lieu of military service.

The parents of the bearded young farmer asked Judge Connell to dismiss the sentence and return their son to them so they could have him committed to a mental institution near their home.

The judge granted the request.

DAMASCUS, Syria (AP)—Alexandros III, 90-year-old Greek Orthodox patriarch of Antioch and the Entire East, died Tuesday. The church's oldest leader had been operated on last Thursday for an abscess in the region of the appendix.

Since 1931 he had governed the Greek Orthodox community in Syria, Lebanon, Iraq and part of Turkey plus thousands of its members who had migrated to the United States and Latin America.

WORLD BRIEFS

LONDON (AP)—Britain today reduced its official bank interest rate to 5 per cent—the level of 1957.

It was an optimistic move opening another notch on the tight control valve holding back the nation's spending.

Today's reduction was ½ per cent.

Orangutan Escapes To Hollywood Hills

LOS ANGELES (AP)—Armed police and banana-toting zookeepers searched the Hollywood hills through the night for Gus, an escaped orangutan.

The half-grown ape fled from Griffith Park Zoo Wednesday while his cage was being cleaned.

Three carloads of police hunted the 66-pound beast along miles of roadways of the park. But zookeepers said they doubted if the weapons would be needed.

"He's very kind and gentle," said head keeper Mike Wendt. "He's very shy. And he's strictly a vegetarian."

But he said Gus might be dangerous if cornered or riled. Gus is 6 years old and is about 3 feet tall. His arms are long and powerful.

News Briefs

JAKARTA, Indonesia (AP)—Government forces have moved into the outskirts of the North Celebes rebel capital of Manado and have captured the last remaining rebel airfield, the Indonesian army reported today.

The rebel army—reportedly some 10,000 strong—is expected to flee to the mountains to carry on guerrilla warfare after the fall of the Manado area.

MOSCOW (AP)—Pravda, the Communist party newspaper, today charged that the dispatch of U.N. military observers to embattled Lebanon was really a cloak for imperialist intervention in the Middle East.

"Through Lebanon," the paper said, "Anglo-American ruling circles are seeking to deal a blow to Damascus and Cairo and to the entire liberation movement of the Arab and African peoples."

The first major league baseball game to be televised was from Ebbets Field when the Brooklyn Dodgers played the Boston Braves on Aug. 26, 1939.

ASK FOR MORE "HOME RULE"

PITTSBURGH (AP)—Five of 47 resolutions adopted by the Pennsylvania State Assn. of Boroughs call for constitutional amendments to grant more governing power at the borough level.

Two of the proposed amendments would permit local governments to establish employee wages and working conditions and boroughs would be allowed to adopt home-rule charters. A third proposal urges that all future bond issues be based on actual real estate values.

Two resolutions submitted by Allegheny County delegates were among those approved Wednesday before the association ended its three-day, 47th annual convention. One requested the association to lobby against a metropolitan form of government for Allegheny County. The other urges the State Dept. of Mines to accept responsibility for extinguishing underground mine fires.

FAST FIELD OF 145 ON HAND FOR FLINT OPEN

FLINT, Mich. (AP)—The longest course of the year and the biggest prize so far challenged pro golf tourists today with the start of the \$52,000 Flint Open Tournament.

National Open champion Tommy Bolt put his new reputation on the line in going after the winner's pot of \$9,000, sought also by numerous other top names of the pro set.

Warwick Hills, scene of the battle, confronted the pros with 7,280 yards—the longest any have played this year. Its par is 72.

Experts say Bolt, despite his new found temperamental control system, will have trouble. That would be because of the strain all golfers experience in winning the Open. They don't ordinarily come back fast.

A field of 145, including 134 pros and 11 amateurs, was entered. All in all, it was sized up as a faster field than that which took part in the Open.

Among the missing top men was Cary Middlecoff. Middlecoff withdrew because of the wrist injury suffered in the last round at Tulsa last week.

Among the contenders were South Africa's Gary Player, runner-up in the Open, and Arnold Palmer, Ken Venturi, Gene Littler and Dow Finsterwald.

NEWCOMER IN SEMIFINALS

AMES, Iowa. (AP)—Three repeaters from 1957 and a pretty 18-year-old newcomer from Minnesota were involved today in the semifinals of the Women's National Collegiate Golf Tournament.

The newcomer was Carolee Pushing, a Carleton College freshman who surprised with a 1 up victory over National Amateur champion Joanne Gunderson in the quarterfinals.

Carolee had another big task today. She was matched against defending champion Meriam Bailey of Northwestern University who won the last four holes for a 1 up decision over Laurayne Conley of Northern Illinois.

Judy Bell of Wichita University, who lost 1 down in the 1957 final, was paired today with Ann Ruthenford of Penn State, a semifinal loser to Miss Bailey last year. Miss Bell eliminated Judy Kim-

BAHAMA WINS BY DECISION OVER GAVILAN

MIAMI BEACH, Fla. (AP)—Young Yama Bahama considered a campaign in the welterweight boxing ranks today after belting out a solid victory over former welter king Kid Gavilan.

Bahama, 25, a former fishing guide from Bimini, took a quick early lead over Gavilan in their televised fight Wednesday night in the Miami Beach Auditorium and the Cuban Hawk, a slowed-down batter at 32, had nothing with which to rally.

Judge Eddie Thal gave Bahama the most one-sided score, 100-62. Referee Jimmy Peeler scored it 98-94 and Judge Stu Winston 99-93.

PATTY GOES FOR HER 7TH TITLE

ERIE, Pa. (AP)—Patty Berg goes after her seventh Women's Western Open Invitation Golf championship today at the 6,370-yard Kalkwa Club course.

The course, with a woman's par of 37-38-73, is considered a fair but tough test. It has small greens and narrow fairways.

Miss Berg, who captured the title last year at Montgomery, Ala., heads a field of women professionals who will be competing for \$5,000 in prizes in the 29th open.

The active Navy Fleet of Turkey today consists of 8 destroyers, 8 escort vessels, 7 submarines, 7 minelayers, 2 minesweepers, 4 tankers, 2 tender ships and many auxiliary craft. U. S. military aid has improved their armament.

SHOPPING AREA WILL CELEBRATE 5TH BIRTHDAY

The Gettysburg Shopping Center will climax its fifth birthday celebration on Friday and Saturday with a number of special attractions for local patrons. Stores in the area will be open special hours for the convenience of shoppers.

On both Friday and Saturday the Gettysburg Furniture Center will serve food to customers. On Saturday afternoon at 2 o'clock a large birthday cake with five candles will be cut in the Acme Market, the first of the shopping center association stores to occupy its quarters. Manager Frank Neibert said that cuts of the birthday cake will be distributed to customers as long as they last.

Drawing for the prizes to be awarded by the Acme, Joe, The Motorists' Friend, the Furniture Center and the Haines Shoe Store will be held Saturday evening. Patrons may register at any of these four business establishments.

Newest member of the Shopping Center, which offers the advantage of ample parking space for customers, is the Haines Shoe Store, managed by Charles W. Cook. Other managers are Thomas Coleman, Gettysburg Furniture Center; Earl Nace, Joe, The Motorists' Friend, and Frank Neibert, Acme.

Nagy's Execution Raises Questions About Successor

By CARL HARTMAN
BUDAPEST, Hungary (AP) — The execution of Imre Nagy raises the question of what will happen to his collaborator and successor, Janos Kadar, the current Communist boss of Hungary.

Nagy and Kadar were both considered Titoists, Communists who thought the local parties should be allowed to depart from Moscow's dictates to meet local conditions.

At the start of the 1956 revolt, they worked closely together. When Hungary's Communist party command reorganized in the midst of the crisis, Kadar became the party chief, a job he still holds. He was a member of Nagy's Cabinet and presumably backed its measures.

Broke With Nagy
Kadar in speeches and interviews supported the revolt. Then

he broke with Nagy to collaborate with the Soviet forces which installed him in power.

After Nagy took refuge in the Yugoslav Embassy, Kadar gave him a safe-conduct and arrested Nagy when he left the embassy.

Many observers believe that Kadar had promised Yugoslav President Tito there would be no trial for Nagy. As recently as April 3 Kadar brushed off the whole question of Nagy in a talk with this correspondent, saying it was "not of current interest." He added that the ex-premier was at a health resort he had wanted to go to.

He implied the whole matter ought to be forgotten.

Questions Being Asked
Most observers here and in Belgrade believe the executions to be the result of the quarrel between Moscow and Tito. But what re-

mainly unclear is the wider picture of which this strike at Tito and Titoism is a part. Here are some of the questions being asked:

1. Was the trial of Nagy meant to show other Communist regimes the danger of Tito's independent ideas?

2. Why does the official Hungarian statement say comparatively little about "American capitalists" and instead emphasize charges that Nagy collaborated with British diplomats?

3. Where does the execution of Nagy fit into the war being waged throughout the Communist world and his Stalinist enemies?

Kadar is Khrushchev's man in that fight. It may be significant that Kadar's name was not mentioned once in the long official recounting of Nagy's alleged sins.

The next act may be played this week. Hungary's Communist Parliament meets Thursday. Kadar's demeanor there may indicate which way the wind is blowing.

ACCUSES LEADER OF ARROGANCE

HARRISBURG (AP) — State Rep. Norman Wood (R-Lancaster) accused Gov. Leader today of arrogance and brazenness towards Wood's House Appropriations Committee.

The committee chairman, in a statement, said Leader has permitted the Public Instruction Department to ignore a law requiring it to file a report on vocational education with the Legislature.

Wood strongly hinted he might take advantage of a 1957 legislative act authorizing him to subpoena the reports.

The department has complied with one section of the law requiring it to make the reports to the governor, Wood declared, but the Legislature has been ignored.

"The result is that the committee's efforts to prepare a fiscal worksheet for the 1959-61 biennium have been hamstringing."

American Women Today Are "Affluent And Influential"

Equality! That's all Margaret Brent wanted when she petitioned the Assembly of neighboring Maryland for the right to vote in 1639. Her request, radical for that time, was refused.

Both feminine persistence and woman's suffrage have wrought many changes in women's status since then — in the last one hundred years especially. Today, American women are both wealthy and influential.

Voting equality was achieved first in Wyoming in 1890. Fourteen other states (excluding Pennsylvania) granted suffrage to women prior to 1920 when the 19th Amendment to our Constitution guaranteed that "The right of citizens . . . to vote . . . shall not be denied or abridged . . . by the United States or any state on account of sex."

Hold Many Positions

Since then, 20th century women have advanced to many positions of responsibility in state and national government — to state governors in Texas and Wyoming as early as 1925, and to the United States Congress. Sixty-two women have served in this body to date, sixteen as members of the 86th Congress which is now in session. Women have distinguished themselves in business and professional fields, too. They hold important positions as lawyers, doctors, ministers, engineers, judges and bank presidents. There's hardly a women-less business. In fact, the 1950 census, which listed 451 separate job categories, showed that women were employed in all but three occupational groups — locomotive engineer, locomotive fireman and firefighter.

This march into "men only" jobs has not been on a limited scale. Women have invaded employment ranks in ever-increasing numbers. Since 1950 more middle-aged and older women joined the nation's labor force than any other group. One-third of the regular working force is female; 40 per cent of all women are employed some time during the year and draw about 20 per cent of all salaries paid. Sixty per cent of women workers are married; two out of every five mothers with school children work . . . and lead double lives — one at home and another in the world of business.

Womanly Wealth

Female endeavor is paying off, too. Women hold or control three-quarters of the national wealth; own 50 per cent of the stocks in major United States corporations; and 60 per cent of all bank savings accounts are in their names. And it seems reasonable to assume that their affluence will increase — they receive 70 per cent of the estates left by men.

Do women get to spend their earnings and inheritances? If time is a factor, they do. On the average, they outlive men by six years . . . and amazingly, half of all married women outlive their husbands by eighteen years.

One field where women have really achieved prominence is banking. There, they have assumed responsible posts to help protect the vast wealth of the nation (their own included, of course). Approximately 55 per cent of the 800,000 bank employees in the nation are women. A high proportion of them, relatively speaking, hold excellent jobs — positions that many men would be glad to have. As a matter of fact, in 14,500 banks in this country, 9,000 of the officers are women — more than 9 per cent of the total.

Wield Authority

Women wield plenty of authority in banking. Recent statistics show that forty-one are bank presidents and two hundred more are vice presidents. On the directors' level, approximately 1,300 more serve the ever-growing financial needs of individuals and businesses in their communities.

As bank employees and as customers, women are mainly responsible for the present-day importance of several popular banking services. The volume of special checking accounts, for example, has soared in recent years because busy women wanted the convenience of paying by check, even though their financial transactions may be few in number. Christmas Clubs owe a good deal of their popularity to the ladies and their habit of setting aside part of their household money for

things they want.

There can be no question that a good portion of the "new look" in bank buildings — the accent on better lighting, color, more space, the friendly atmosphere in decorations — is the result of woman-influence.

And it's a safe assumption that the ladies' wishes will be kept in mind every time a new banking service of convenience is offered. It may still be a "man's world" — but he listens more and more to the women's point of view.

Fairfield

Mr. and Mrs. C. L. Sheds are on a vacation trip to Bermuda.

Mrs. Emma Coston of Lancaster is visiting Mrs. Hannah Herring. Mrs. Earl Brewer of Vallonia, Indiana, and Roy L. Robinson of the U. S. Air Force visited over the weekend at the home of Mrs. Joseph Scott Sr. Mrs. Robinson and children, Renee and Richard, who have been residing at the Scott home, returned with her husband and will reside in Kalamath Falls, Oregon, where he is stationed. Mrs. Brewer is the mother of Mr. Robinson and Mrs. Scott is the mother of Mrs. Robinson.

The annual Bible School opened on Monday morning. Sessions are being held in the United Church of Christ parsonage, the Lutheran Church and the Mennonite Church. The Rev. Lamont Woelk, pastor of the Fairfield Mennonite Church, is presiding as dean of the Bible School.

The annual elementary conference in science and mathematics being held this week at the Shippenburg State Teachers College is being attended by these teachers from the Fairfield Joint school district: Miss Hazel E. Carson, Miss Janetta Himes, Mrs. Margaret S. Kepper, Mrs. Marion C. Mickey, Miss Sara M. Miller, Miss Gladys R. Walter and the elementary principal, Robert M. Reinhold.

Dog's Life Has Big Moments After All

CHICAGO (AP)—The birthday cake was a hamburger patty, favors were bones and prizes were rubber squeaking mice. And all the guests barked.

The occasion? Thisle's four-month anniversary party. Tuesday, Thisle is a scottie owned by Jane Lezak, 5.

Jane thought of the doggy idea herself, her mother said. Invitations went out to Thisle's playmates of the neighborhood. Ten showed up.

For presents Thisle received candy, lollipops, a \$1 bill and an insulated travel bag.

Thisle had no discernable comment on the affair. Mrs. Lezak said she was "dog-tired."

Ike Shocked By Nagy Execution

WASHINGTON (AP)—President Eisenhower said that the execution of former Hungarian Premier Imre Nagy has given a great setback to hopes for a summit conference.

Eisenhower told his news conference he cannot think of anything that has shocked the civilized world as much as the execution of Nagy and his associates in the Hungarian revolt.

The President said these men were not guilty of evildoing but were fighting for their country. He said good faith had been violated in their execution.

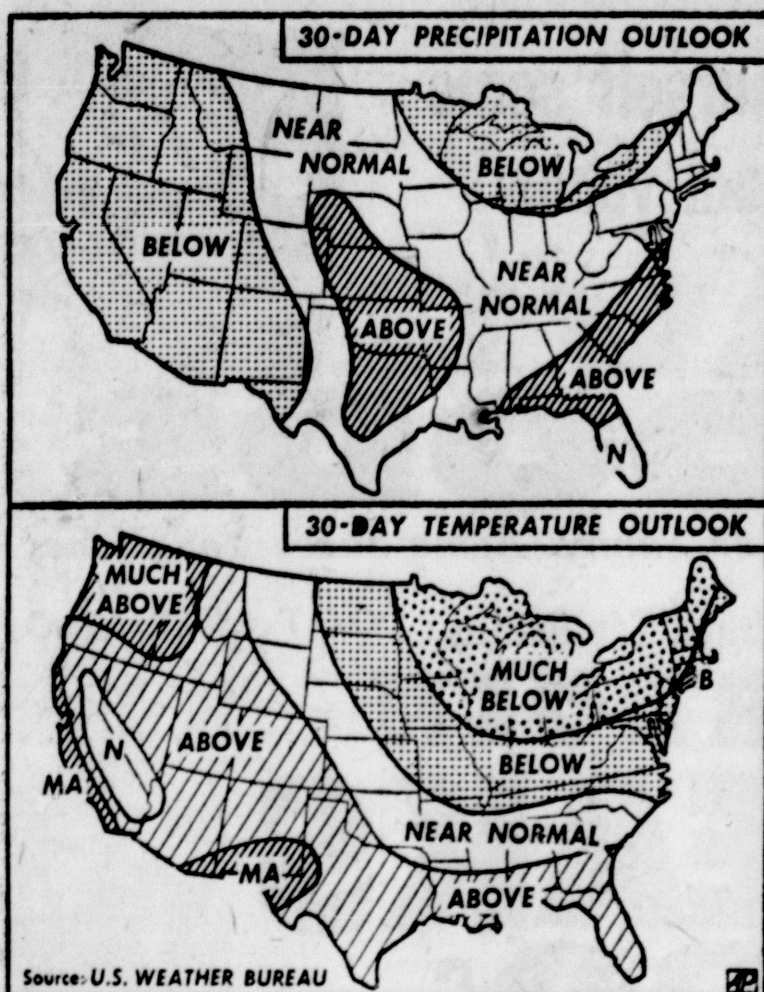

This act, he said, can be regarded as clear evidence of the intent of the Soviet Union to pursue a policy of terrorism and intimidation aimed to enforce complete servitude.

Nagy's execution, the President went on, has alerted the free world to the lack of confidence it is compelled to feel in the Communist imperialists.

VIENNA (AP)—A Communist court in Sofia has sentenced five Bulgarians to prison terms of 1 to 15 years for alleged espionage for American and Turkish intelligence services.

Sofia radio said the defendants were criminal and depraved elements. It said two were trained as spies in Istanbul.

CHURCH DROPS INVESTIGATION ON PAROLE BD.

PHILADELPHIA (AP)—A special committee of the Methodist Church informed Gov. Leader Tuesday it will be unable to carry out a planned investigation of the state boards of Pardon and Parole.

In a letter to the governor, Bishop Fred P. Corson stated that without the financial assistance and special powers requested of the state, the committee's efforts would be in vain.

The church group, which has been critical of the agencies' activities, was invited by the governor to conduct an impartial probe of the two boards.

Tax Staters Involved

The committee, led by the Philadelphia bishop, had asked the governor for financial assistance, subpoena powers and the use of personnel for investigating purposes. The governor has not replied, but a State Justice Department official has since stated that the subpoena privileges could not be granted. John H. Ferguson, secretary of administration, said no state funds were available for the church group.

The church had explained that if its funds were used for the probe, it might be put in a position of losing its tax-exempt status on church contributions.

NAGY EXECUTION STIRS INQUIRY

COPENHAGEN, Denmark (AP)—Ailing Andersen, Danish chairman of the U.N. Committee on Hungary, said Wednesday he is consulting other members about holding a special meeting to consider the situation resulting from execution of Imre Nagy.

Anna ethley, a member of Nagy's 1956 Hungarian government, cabled Andersen requesting a special meeting. She escaped from Hungary when Soviet troops crushed the Hungarian revolt.

Andersen said the committee might meet to gather information on the trial leading to the execution of Nagy. Gen. Pal Maleter and other Nagy aides. The committee, created by the U.N. General Assembly, questioned many Hungarian witnesses after the 1956 revolt. In a report to the assembly it condemned the use of Soviet troops in crushing the rebellion.

SAN FRANCISCO (AP)—Dana L. Fuller, director of the W. P. Fuller Co. paint firm and for many years a polo player of national standing, died Tuesday.

Commies Not Ready To Give Up Yankees

BERLIN (AP)—The United States ran into a deadlock with Communist East Germany Wednesday in negotiations to obtain the release of nine imprisoned U.S. Army men.

The U.S. mission in Berlin announced that the third round of talks at the East Berlin Foreign Ministry was unsuccessful. No date has been set for a further meeting.

The American prisoners—eight officers and a sergeant from the 3rd Armored Division in West Germany—were seized by the Communists when their big helicopter strayed across the Iron Curtain June 7 in a storm.

TURKS BLAMED FOR NEW FIRES

NICOSIA, Cyprus (AP)—Another Greek property was burned Wednesday and the British government again blamed Turkish Cypriots opposing union of the island colony with Greece.

The blaze in the Greek-owned Pallas movie house was the fourth fire attack on Greek holdings in Nicosia in 24 hours. Damage to the movie house was estimated at 1,000 pounds (\$2,800).

So far, however, there was no resumption of the Turkish riot attacks last week in which 15 Greeks and 2 Turks were killed.

Britain Tuesday postponed announcement of her new plan for the future of Cyprus until Thursday at the request of the North Atlantic Council.

Prime Minister Macmillan told the House of Commons in London that the NATO group had requested the delay "to see what help they can give in the work of conciliation."

Armenian Given Vatican City Post

VATICAN CITY (AP)—Pope Plus XII has filled the important Vatican post that was to have been taken over by the late Samuel Cardinal Stritch of Chicago.

Appointed as pro-prefect of the Congregation for the Propagation of the Faith was Gregory Peter Cardinal Agagianian, patriarch of the Armenians. Cardinal Agagianian, 62, resides in Beirut, Lebanon, but is currently in Rome.

Cardinal Stritch was appointed to the Vatican post on March 1. He died May 27 after being stricken ill on his way to Rome.

LONDON (AP)—The Soviet Union brusquely accused Britain Wednesday of stalling on talks to improve British-Soviet cultural, scientific and technical relations.

A Soviet letter to the government-sponsored British Council, broadcast by Moscow radio, said the Soviet government had approached the British with proposals for such talks three times since April 1957 but had yet to receive a clear-cut reply.

COPENHAGEN (AP)—American nuclear scientist Robert Oppenheimer flew into Copenhagen Tuesday night for a reunion with Denmark's grand old man of atomic physics, Dr. Niels Bohr.

Oppenheimer, chief of America's wartime atomic bomb development, and Bohr, Nobel prize-winner and head of the Danish Institute of Theoretical Physics, have been personal friends for more than 30 years. During the war they worked together on the American nuclear bomb program.

JAKARTA, Indonesia (AP)—Government forces were reported Wednesday within five miles of Menado. The fall of that rebel headquarters city in north Celebes was said to be imminent. There was no immediate comment from army spokesmen in Jakarta.

QUALITY CHINA ESSENTIAL FOR YOUNG BRIDES

By VIVIAN BROWN
The Associated Press

Elegance should be the keynote of a bride's table. After the children come, you may have the excuse for using odd pieces of china for jolly jars for glassware. But not now. Everyone expects the bride's table to shine.

Go all out for entertaining that first year after marriage. As time goes on, it may be difficult to give charming little dinner parties. Buy a china and glassware service you can afford. Choose an attractive china pattern that won't clash in color with food, or in design pattern with the room's motif. You can find lovely table appointments within your means. If you can't afford a complete table service, invest in dinner plates and demi-tasse cups for a beginning, and make your dinners buffet style. You don't need to match silver and glassware down to the last curve.

Choose Quality Pieces

When selecting tableware, choose quality pieces. When buying your own glassware, here's how:

Feel edges for smoothness and regularity. Inferior glass often has scratchy or lumpy edges. Sometimes little nicks in the glassware may be spotted that way.

Look for clearness and luster that comes from repeated firings.

Watch for well-balanced, symmetrical stemware shapes, with bowls, stems and feet that belong together.

Study Pattern

Study the pattern. Is it compatible with the shape of the glass? Does the shape harmonize with your own design preferences?

You'll find that most glassware has waves and bubbles, and even our finest American made glass may hide a few imperfections.

It's wise to select china, silver and glassware that is in open stock so you can replace it and add it to your set, at your convenience. Many times a good part of the home furnishings budget is put into table appointments that become discontinued items within a few years. Those charming little glasses picked up on a vacation abroad, may be handsome, but can you add to them later?

PROPER USE OF FOOD DISPOSAL MAIN ESSENTIAL

By VIVIAN BROWN
The Associated Press

It's a good idea to know that appliance you have a yen to own before you invest in it.

Make sure you have adequate wiring for your collection of large and small electrical units, and space and facilities for other installations you plan.

A waste disposer, for instance, is an easy appliance to operate, but because of its apparent complexities, many questions arise, says Sylvia White, director of consumer relations for one of the world's largest waste disposal manufacturers.

One housewife believes she cannot grind up corn husks, while another may attempt to throw an empty bottle down the disposal.

"Both are wrong," says Mrs. White. "You can put anything that feels unpleasant to handle in your disposal, except glass and metal. These may cause the unit's grind ring to wear out prematurely, and glass can stick in the sewerage line. But soggy paper napkins, cigarette butts, artichokes, pits, bones and corn husks may be ground up easily. Melon rinds should be cut up first."

Mix Food Wastes

It's a good idea to mix food wastes before putting them in the disposal, rather than putting them in separately, she says. "As different types of textures rub against each other they tend to liquify more quickly."

Large amounts of waste should be fed in a steady flow so there is room for it to be thrown against the grind ring, a steel file-like object that cuts up foods like a vegetable peeler.

"Most waste disposers hold waste in grind chambers until water is introduced to assure smooth passage into the sewer line. The food particles are carried off in water suspension, one reason why cold tap water should be run until the unit is shut off. Hot water will not do the job properly as it will just melt the grease which will congeal and stick to cold water pipes when it hits them. Disposers need not be cleaned with chemicals, but lingering odors may be removed by putting a tray of ice cubes or a half-lemon into the disposer."

Some Require Installation

More than half a million of these disposers were placed in sinks in 1957, says Mrs. White, and some 30 cities require installation of disposers in newly constructed homes.

"Before installing your disposer in an old home," she advises, "have sink drainage pipes thoroughly cleaned. They may be coated with grease, which may be easily removed and kept clean later by the scouring action of the disposal waste."

It's a good idea to read directions carefully, when you buy any appliance, not only to save wear and tear on the object, but to get the best out of it.

GARCIA ASKS 'ASSISTANCE' NOT 'CHARITY'

WASHINGTON (AP) — Philippine President Carlos P. Garcia asked the U.S. Congress Wednesday for understanding, encouragement and assistance — not charity — in building Philippine stability.

In an address prepared for a joint session of the Congress he said the island republic has progressed half way toward its objective and cannot turn back.

Speaking in fluent English, the 61-year-old Asian leader said his 23 million countrymen are America's best friends in Asia.

He renewed pledges of Philip-

Sheriff's Sale

IN PURSUANCE of a writ of Fieri Facias issued out of the Court of Common Pleas of Adams County, and to me directed, I will be exposed to Public Sale on SATURDAY, the 12th day of July, 1958, at 10 o'clock, D.S.T., in the forenoon at the Court House in the Borough of Gettysburg, Adams County, Pa., the following Real Estate, viz:

All that tract of land situated along the North side of the Lincoln Highway in Straban Township, Adams County, Pennsylvania, which is bounded and described as follows:

BEGINNING at an iron pin at corner of land of P. W. Stallsmith, thence along lands of the said P. W. Stallsmith North 76 degrees East, 340.45 feet to a point in the center of the State Highway leading from the Lincoln Highway to Hunterstown; thence along the center of said State Highway and lands now or formerly of Lester Bowers, South 35 1/2 degrees East, 131.5 feet to an iron pin in the center of said mentioned State Highway; thence along said last mentioned State Highway and lands now or formerly of William T. Heyser, South 76 degrees West, 423 feet to a point in said Lincoln Highway; thence across said Lincoln Highway and through an iron pin at the edge of the said Lincoln Highway and along lands of said P. W. Stallsmith, North 14 degrees West, 315 feet to an iron pin at the corner of land of said P. W. Stallsmith, the place of BEGINNING. CONTAINING 2 Acres and 131 perches, more or less.

The above description was obtained from a draft of survey prepared on April 16, 1947, by LeRoy H. Winebrenner, Registered Surveyor.

It being the same which P. W. Stallsmith and Grace M. Stallsmith, his wife, by their deed dated May 27, 1948, recorded in the Office of the Recorder of Deeds of Adams County, Pennsylvania, in Deed Book 186 at Page 513, did sell and convey unto Pennsylvania Rabbit Breeders Cooperative.

THERE IS EXCEPTED, HOWEVER, from the foregoing tract of land and from the aforesaid sale all that tract of land included in the foregoing description, which is bounded and described as follows:

BEGINNING at a point in the Lincoln Highway at the intersection thereof with the highway to Granite Station and extending along said Lincoln Highway, South 76 degrees West 162 feet to a point in said highway, which point is South 14 degrees East, 25 feet from a stake; thence by other land of the party of the first part, and through said stake, North 14 degrees West 210 feet to a stake; thence by same and through another stake, North 76 degrees East 129.9 feet to a point in said highway leading to Granite Station; thence in and along said highway, South 35 degrees East 45 minutes East, 194.6 feet to an iron pin; thence in and along said highway, South 24 degrees East 194.6 feet to the place of BEGINNING.

The above description was obtained from a draft of survey prepared on October 13, 1949, by LeRoy H. Winebrenner, Registered Surveyor.

It being the same which Pennsylvania Rabbit Breeders Cooperative, a cooperative association, by deed dated June 26, 1950, recorded in the Office of the Recorder of Deeds of Adams County, Pennsylvania, in Deed Book 191 at Page 149, did sell and convey unto Irving Bengel and Agnes T. Bengel, husband and wife.

TOGETHER WITH AND SUBJECT to the right of way and easement as set forth in the aforesaid conveyance in Deed Book 191 at Page 149, which is as follows:

"SUBJECT, NEVERTHELESS, to the right of the party of the first part, its successors and assigns to use the water from the well now situated on said premises and the right to maintain the present line therefrom, together with an additional parallel line from said well to the building on other property of the party of the first part, its successors and assigns, with a right of way for maintenance, repair, rebuilding and inspection for a width of 8 feet, 3 feet on either side of the existing line. Said use of the water to be subject to the use by the parties of the second part, their heirs, personal representatives and assigns, for ordinary domestic purposes and in the event the well proves to be insufficient for the use of both parties, this right of way shall cease and determine and the party of the first part, its successors and assigns, shall have the right and privilege of removing the said lines and other equipment from the premises hereby conveyed."

Garcia did not say how much economic assistance the Philippines is seeking but advance indications were that he is hopeful of obtaining 300 million dollars or more in long-term credits.

Garcia said that the Philippines is seeking from the United States the strength to make the country an effective force for democracy in Asia.

In advance of his visit to the Capitol, Garcia had an hour-long date with President Eisenhower. The Philippine leader arrived here Tuesday on a three-day state visit.

WASHINGTON (AP) — Republican state chairmen from throughout the nation met Wednesday for a three-day campaign school aimed at strengthening GOP organization for the November elections.

Among other things, the 48 state chairmen will be given demonstrations in new campaign techniques. Republican National Chairman Meade ALCORN said the school will feature demonstrations by specialists in radio and television, direct mail advertising and fund raising.

RAIN LAST WEEK MIXED BLESSING

HARRISBURG (AP) — Rain last week was a mixed blessing for farmers, the State Agriculture Department reports. It helped crop growth, but held back some field work.

In its weekly crop survey Tuesday, the department said heavy rain prevented cultivation of row crops and haymaking in the north-west and in sections of the south-east. Most areas of the state had frequent rains during the week and the wet ground delayed field work.

The report added:

"Cutting of barley is expected to start this week in south central counties and a good crop is forecast although wind and rain flattened some stands. Nearly all wheat is in head and, despite storm damage, the average yield promises to equal the record of 28 bushels per acre set in 1954.

"Cobler potatoes are in bloom in central counties and harvesting planting of tobacco has made good headway in Lancaster County. Peas for processing are blooming in central counties and harvesting is under way in southern areas."

METHODISTS AT CARLISLE TODAY

CARLISLE, Pa. (AP) — Some 1,000 representatives of the Central Pennsylvania Conference of the Methodist Church gathered here Wednesday for the opening of their 90th annual conference.

The theme of the five-day meeting is "The Christian in a Changing World."

The conference is to hear the annual "State of the Church" report, a composite written by the four district superintendents, Dr. F. LaMont Henninger, Harrisburg; Dr. Robert R. Croyle, Altoona; Dr. Frank W. Montgomery, Sunbury, and Dr. Lester A. Welliver, Williamsport.

The convention business will include discussion of social and economic relations and world peace issues.

In this vein, the delegates are expected to adopt resolutions calling for a halt to nuclear bomb tests and for bilateral disarmament.

Appointments for some 250 ministers will be announced at Sunday's closing session.

Stassen Will Lay Plans After Nov.

PITTSBURGH (AP) — Harold E. Stassen, who lost the Republican gubernatorial nomination to Arthur T. McGonigle, says he will wait until after the November election to take a new look at his political future.

"It is too early to talk in terms of 1960 or even 1962," Stassen told newsmen Tuesday during a visit to Pittsburgh. "I will continue to be active in public life and in the Republican Party."

Stassen added that he will support the GOP ticket in the general election but said he will take no active part.

VICTORY CALL IS 18 YEARS OLD

PARIS (AP) — France Wednesday marked the 18th anniversary of Gen. Charles de Gaulle's call to victory in World War II by rallying behind his national recovery loan.

The government disclosed that Frenchmen gave up 11 million dollars worth of hidden gold Tuesday, when 3 1/2 per cent bonds went on sale for gold.

Possession of the gold is illegal, but the government has promised hoarders immunity from prosecution if they buy bonds Frenchmen traditionally have held onto their gold in times of trouble.

De Gaulle, who has declared that success of the bond campaign would be a vote of confidence in his new government, was honored throughout France and its overseas territories.

WASHINGTON (AP) — The second radio transmitter of Explorer III has gone dead and no signals have been picked up from the tiny satellite since Monday.

The other transmitter died on June 5. The Army's other satellite, Explorer I, stopped sending signals May 24. However, the transmitter of the Navy's Vanguard I still is functioning.

19 MERCHANTS BUY VILLAGE

QUINCY, Mass. (AP) — A group of 19 greater Boston businessmen purchased Quoddy Village at Eastport, Maine, for \$250,000.

The sale was announced Tuesday night by Sidney W. Grossman, president of L. Grossman Sons, which has owned the community since 1950.

The village, which has 200 buildings on 142 acres, was built by the federal government 20 years ago when work began on the original Passamaquoddy tidal power project.

The new owners, incorporated as Quoddy Village Corp., say they will develop the area for recreation, light industry and low-cost retirement homes.

The Roosevelt administration initiated a tidal project in Passamaquoddy Bay during the late 30s. This brought about establishment of Quoddy Village.

The tidal power project eventually was abandoned, only to be revived recently by joint action of the United States and Canada to determine if electricity can be generated economically by harnessing the bay's tremendous tides.

Governors Given Cloth By Goldfine

HARRISBURG (AP) — Gov. Leader says the piece of cloth given him at the 1955 governors conference "was placed in a trunk and is still there."

Gov. Lane Dwinell of New Hampshire disclosed Tuesday that the material he gave the governors at the conference was provided by Bernard Goldfine, whose gifts to Sherman Adams, President Eisenhower's top aide, have drawn criticism from some congressional and political circles.

Dwinell said the cloth, sufficient to make a suit, was presented to the governors "as a product of New Hampshire industry."

A Leader spokesman pointed out that at the same conference Leader presented the governors pens sets made from hard coal on behalf of the Commonwealth of Pennsylvania.

URGES HIGHER PA. GAS TAXES

PITTSBURGH (AP) — A State Highways Dept. official says Pennsylvania's secondary system of roads has fallen by the wayside. He urges higher gasoline taxes and license fees to bolster road construction and maintenance.

At the 47th annual Pennsylvania State Assn. of Boroughs meeting in Pittsburgh Tuesday, Henry D. Harral, deputy secretary of highways, urged common support in getting the increase.

Money to finance the building of secondary roads comes solely from gasoline and license fees, said Harral.

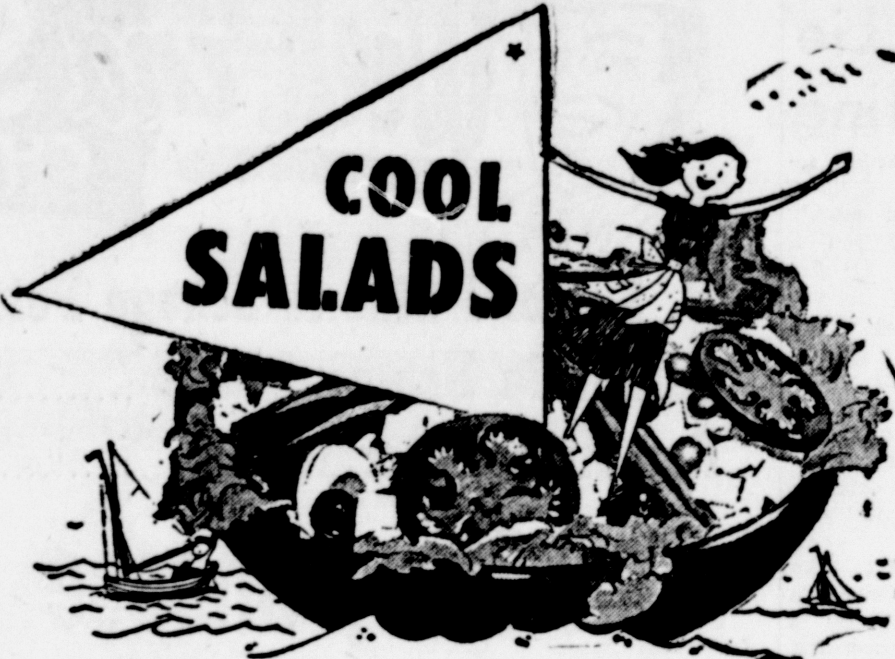

Meanwhile, Philadelphia Atty. Arlin M. Adams, a member of the Commission on Constitutional Revision, told delegates that the present Pennsylvania constitution is "archaic and outmoded."

Adams said that much of the legislation in the constitution was inserted to prevent the legislature from changing it, adding:

"These detailed restrictions account for the bulk of the material which should be eliminated in forming a new constitution, or changing the present one."

PA. GROCERS WILL PROVIDE PLAN FOR AID

ATLANTIC CITY, N.J. (AP)—To help independent grocers modernize their stores and meet chain store competition, the Pennsylvania Grocers Assn. has approved creation of a financial aid corporation.

But outgoing President Ira Park of Brookville told the association's 59th annual convention closing session Tuesday that under Pennsylvania law the association must raise \$25,000 before it can apply for incorporation of such an organization.

The convention elected William J. Gillespie of Philadelphia as president.

Other Officers

Also chosen were: George C. Beltzhoover, Carlisle, first vice president; C. Leroy Ebersole, Reading, second vice president; Dawson Parkhouse, Philadelphia, third vice president, and Stephen Wulert, Scranton, fourth vice president.

Joseph Gallagher, Altoona; Morris Friedman, Philadelphia, and James Hess, Lancaster, were elected to two-year terms as directors. Wray Paul, Washington, was named a director for one year.

Somerset Girl Wins

At a night session, pretty Maya Rubens, 18-year-old Latvian born farm girl from Somerset, won the association's \$1,000 scholarship.

Miss Rubens, whose family fled the Communists after World War II, won out as turkey queen over nine other girls, all agriculture queens from Pennsylvania.

Carolyn Starnier, the apple dessert queen from Mechanicsburg, placed second and Rose Marie Fries, peach queen from Chambersburg, third.

URGE SOIL SURVEYS

HARRISBURG (AP)—The state soil conservation commission today recommended a special pilot program to explore use of soil surveys in solving urban-suburban problems.

The commission approved plans to request a \$400,000 appropriation from the 1959 General Assembly for a pilot project in Chester County. Federal matching funds are available, the commission said.

Only 1 In 15 Seeking Jobs With CIA Succeed; Use Lie Detector As Usual Routine

By JOHN SCALI

WASHINGTON (AP)—The toughest employment hurdle in the United States government are those set up before applicants for jobs with the critically sensitive Central Intelligence Agency.

Only about 1 in 15 makes the grade.

A whole section of a CIA headquarters building is taken up by elaborate equipment designed to probe the thoughts, feelings, inhibitions and rationality of those who would become American espionage agents.

There's even a lie detector — and it's used as a matter of course.

The rigorous tests are set up to weed out the security risks who may range from infiltrating Soviet agents to just plain blabbermouths.

Rumors occasionally make the rounds to the effect that the CIA spies unnecessarily into the sex lives of its women employees. The agency denies that it asks ques-

tions about what is regarded as normal sex experience.

The only sex question asked, says the CIA, is: "Are you a homosexual?"

A second question, which might have bearing on sex, is: "Have you ever done anything for which you could be blackmailed?"

As far as can be learned, the CIA is the only government agency that employs the lie detector on a mass scale as a normal personnel practice.

An applicant can refuse to take the test and still be hired but it is extremely unlikely. And if he is hired, his chances of advancement to a more sensitive post are virtually nil.

Even after he lands a job, a CIA employee may be asked to take the test again. Some employees have taken second and third tests after being suspected of wrongdoing while on the job.

The lie detector was not introduced by CIA chief Allen Dulles,

who has held the post 5½ years. He inherited it from his predecessor. But he has continued it without apology.

Have the Russians ever succeeded in planting an operative inside the CIA?

There has never been a direct public answer to that question. Some time ago Dulles was asked about it and he skirted a flat yes-or-no reply.

To Keep On Guard
"I naturally assume," he said, "that the Soviets will attempt to penetrate the CIA. I don't think they are going to find it easy, (but) we are going to keep on our guard all the time."

The dangerous role of spy holds a strange attraction for many wealthy socialites and college graduates who could take it easy or strike it rich in other fields.

Dulles acknowledges that 5 of his top 20 officials are independently wealthy, earning as much from outside sources as they do from CIA. This includes Dulles himself, a Princeton grad, who makes \$21,000 a year as director.

What's More Important
The CIA operates on the theory that a person's Ivy League background, social graces or wealth should not bar him from a spot in the nation's espionage network.

What is more important, says CIA, is a person's competence, his dedication and his willingness to accept the anonymity that

necessarily goes with the job. Those who treat the work as a glamorous sideline don't last long.

This policy apparently is paying off. A newsman checking into CIA's record finds surprisingly little criticism, even from those who turn a fishy eye on almost everything the Eisenhower administration does.

Part of the reason CIA has escaped widespread criticism could be the above-average quality of its rank and file employees. This has been noted by congressional committees and study groups who looked into its personnel.

What Holds Them?
CIA salaries follow closely the regular civil service scales. But Dulles, who probably operates under less restrictions than any other government department head, is not required to abide by those rules.

Salaries for new CIA employees are sometimes low. Some recruits quit early to seek more lucrative rewards in private industry. Many remain.

What holds them?
Mostly it's the lure of an exciting cloak-and-dagger existence combined with a deep sense of patriotism that keeps them on, year after year, playing a deadly, undercover war of wits against the Kremlin.

DROPPED DIGIT ERROR ERASES BUILDING FUND

HARRISBURG (AP)—The missing three million dollars has been found. It was lost because of a dropped digit.

Budget Secretary John H. Ferguson thus explained Tuesday's confusion over a three-million-dollar appropriation made by the 1953 Legislature for construction of a motor vehicles building.

When the General State Authority earlier in the day authorized a six-million-dollar construction program—half for the state building and half for educational facilities—it was advised by Deputy Atty. Gen. Harrington Adams that the building fund had been spent. His contention was backed by Ferguson, who said only \$305.20 of that appropriation was left unspent.

The news left Aud. Gen. Charles C. Smith and the Motor Vehicles Bureau perplexed. Smith said his records showed the whole appropriation unspent. That's what the bureau thought, too.

The GSA went ahead and authorized the construction program. Several hours later Ferguson ad-

Say Air Pollution Deserves Thought

HARRISBURG (AP)—The Pennsylvania Chamber of Commerce says any state legislation to control air pollution should be drafted in collaboration with the groups affected.

It also urged, in a letter to the Joint State Government Commission Tuesday, that "serious thought" be given to such legislation's "effect on the overall business climate of the Commonwealth."

The letter was addressed to Rep. Baker Royer (R-Lancaster), chairman of the commission, over the signature of Arnold L. Edmonds, executive director of the chamber.

FENNEMAN TO OPEN HIS OWN SHOW JULY 6

By GEORGE FENNEMAN
NEW YORK (AP)—For years, Groucho Marx has kiddingly challenged me by declaring, "Fenneman, if you're so smart, why don't you get your own show?"

And so when television producer John Guedel, who's been my boss on Groucho's "You Bet Your Life" program since 1947, recently offered me the chance to emcee his new show, "Anybody Can Play," I jumped at the opportunity.

Groucho, when he heard the news, told me: "George, I'm glad you have your own TV show—I'm going right out and buy a radio."

Tailored For Home Folk

When I take over as the Anybody Can Play emcee Sunday, July 6, on ABC-TV, I will be returning to the network that gave me one of my first jobs in radio—as a staff announcer on station KGO, in San Francisco in 1942.

Despite my elation that with my own show I can now take Groucho at his word, there is a far more serious reason as to why I am delighted with it.

Anybody Can Play is an audience participation show which has been especially tailored for the all-too-often neglected home viewer. Guedel, who invented the singing commercial as well as the audience participation show, has crammed a series of amusing and unusual games into the format.

\$10,000 First Prize
Home viewers can compete for the \$10,000 first prize. They also can win other cash prizes, convertibles, kitchens and condiments. Yes, "Anybody Can Play"—even Groucho.

With that kind of programming idea, I think you can't help but come out ahead.

It has always seemed to me that too many of our TV game and audience participation shows have quickly lost their excitement and interest because they confined themselves solely to the playing of one game over and over, and because it was forgotten that above all any show's primary reason for existence is to entertain.

UP FOR MORE—Moby Dick, the giant sea elephant at the St. Louis zoo, comes up to view crowd around his pool and possible supplement to his daily ration of 80 pounds of fish.

son for existence is to entertain.

The secret of a popular and lasting show, I believe, is a simple basic format which can be presented in a different way each week.

I think the audience participation show is going to be with us for a long time because the viewing audience enjoys watching people under the pressure of answering questions. I know they will also delight in the chance to pit their own knowledge against that of the show's contestants.

When, in addition, the package is attractively wrapped and presented, there is a payoff in fun and prizes for everyone. That has been the secret of success of TV shows featuring stars like Groucho Marx and Art Linkletter. I hope, too, it bodes well for the success of Anybody Can Play. I know Groucho will be watching—even if it's only to look at a pretty girl or to see if I steal any of his jokes.

SIDEURNS JUDGED

SALT LAKE CITY (AP)—Judge Willis Ritter doesn't dig these Elvis Presley sideburns. When a 17-year-old juvenile appeared before him for sentencing on a misdemeanor charge, Judge Ritter ordered him taken to the Salt Lake County jail for a hair cut and shave, explaining that he wouldn't pass sentence until the youth appeared with a presentable haircut.

SNEAKY TYPES

PONCA CITY, Okla. (AP)—L. H. Petree reported a new kind of sneak-thief to police.

He said two young men came to his home one evening with a small dog. One man said they hit the dog with their car and wondered if the Petrees owned the dog. He continued to keep Mrs. Petree in conversation for a long time while the other man disappeared.

Later, Petree discovered all the gasoline from his car had been siphoned by the second man.

POP FILLS IN

OKLAHOMA CITY (AP)—Mrs. Glen Curry decided to go ahead with the baby shower for Mrs. Charles Heinen even though the stork arrived a day before the time set for the party.

Standing in for the guest of honor was the father, who kept the women amused trying on the presents. "I had already ordered my cakes and ice cream and my friends told me I was silly not to go ahead with the shower," Mrs. Curry explained. The party was a complete success.

TWO SECTIONS OF NEW BRIDGE COLLAPSE; 16 DIE

VANCOUVER, B. C. (AP)—Two sections of a nearly finished six-lane bridge collapsed mysteriously Tuesday in a tangled mass of steel, plunging at least 16 workmen to their death.

Two others were missing and 22 injured.

It was 3:42 p.m. on a hot, sunny, windless afternoon when the two end sections of the 16-million-dollar Second Narrows Bridge over Burrard Inlet gave way without warning.

Forty construction workers

were on the steel lacework of the pier-supported sections.

70-Foot Sections
Suddenly, with a muted rumble, the temporary front supports of the foremost section crumbled and dropped the jutting end of the bridge 200 feet into the tide-churned inlet separating Vancouver and North Vancouver.

The strain jerked forward the concrete pier holding the section behind, and it nosed downward into the water. The two sections, each about 70 feet long, ended their collapse tilted crazily downward like a sagging W with their front part submerged and rear still on the supports.

Crane Goes Too
An eyewitness, Edwin Leitch, said the "frightening roar of the collapse sounded like a continuous peal of thunder lasting about 15 seconds."

A huge crane which had been hoisting steel girders to the top of the bridge toppled and plummeted into the mass of tangled wreckage in the water below.

Some workmen were caught and killed in the tortured, twisted beams. Others were crushed beneath tons of steel and concrete after they dropped into the 40-foot-deep inlet.

One survivor, Don Mitchell, said after riding the first section down that "everything happened so quickly there was little sensation of fear."

"Didn't Have Chance"
Bill Hallman, who was driving over the old Second Narrows Bridge 200 yards downstream, said, "The air was filled with shouts and cries. . . . The men didn't have a chance."

"When they hit the water I could see some grasp for pieces

of driftwood. It appeared about half the men were trapped under water by the bridge sections. Others were swept away by the current."

Started Two Years Ago
Cause of the collapse was not known nor was a damage estimate available. Officials of the Dominion Bridge Co., the contractor, launched an immediate investigation. Atty. Gen. Robert Bonner appointed Chief Justice Sherwood Lett of the British Columbia Supreme Court to make an inquiry.

The giant two-mile bridge four miles from downtown Vancouver was more than two thirds finished and was to have been opened for travel in the autumn. Construction work began two years ago.

How long completion of the bridge will be delayed by the disaster probably will not be known for several days.

LUCKY DELAY
MOUNT VERNON, Ohio (AP)—Mrs. Wilbur Inks couldn't have been too upset about mislaying her car keys. The delay saved a barn at the Inks' farm, seven miles west of here.

She was planning to visit her brother's home when she discovered she didn't have her car keys. Returning to the house for them, she noticed a ship of smoke coming from the barn. It turned out to be a roof fire, which her husband and volunteers put out before it could spread.

HONOLULU (AP)—One of Hawaii's best-known trademarks — the ukulele — was introduced here by the Portuguese and a lot of them are still being imported.

Many ukuleles offered for sale here come from a manufacturer in Nazareth, Pa. (C. F. Martin Company).
